## WAR PAYMENTS ARE CAUSE OF ILL-FEELING

European Countries Fail to  
Appreciate Help Given  
Them by U. S.

## PROTEST SETTLEMENTS Debt Question May Become International Political Squabble

BY DAVID LAWRENCE  
Copyright, 1932, by Post Pub. Co.  
Washington — If anybody in 1932  
could have foreseen the international  
ill-feeling that would have resulted  
over the payment of war debts the  
government of the United States  
would have made definite and explicit  
arrangements for repayments. As it  
was the treasury department extended  
help quickly and without even asking  
about repayment and the net result  
is that not a single one of the big  
countries to whom the United States  
lent money feels that it should have  
been repaid at all.

Even the British government has  
made a debt arrangement under pre-  
text. No longer is there any doubt of  
this for the speeches made in the  
British parliament this week have  
been read with profound disappoint-  
ment by officials generally. The ad-  
mission of the chancellor of the  
exchequer that officially he could not  
agree but that privately he sympathized  
with the views of the minority that  
the United States exacted too harsh  
settlement and that Uncle  
Sam was "dunning" his creditors has  
not added to the good feeling that had  
begun to exist between the United  
States and Great Britain.

ITALIAN DEBT BOTHERS  
On top of this is the difficulty  
which the administration is expe-  
riencing in getting the Italian debt  
settlement ratified. The senate is  
debating whether the American com-  
mission which negotiated the agree-  
ment should not have gotten more.  
The Italians feel they paid too much.  
And now Senator Smoot, chairman of  
the American commission, in his  
opening speech pleading for a ratifica-  
tion of the Italian agreement, is  
compelled to promise his colleagues  
that under no circumstances will  
France get the same terms as were  
granted to Italy.

France, of course, never expected  
as lenient a settlement from the  
United States as Italy obtained but  
the reaction against the Italian  
agreement is such that the American  
commission will find it difficult even  
to grant the relatively easy terms of-  
fered by the United States to France  
when the Caillaux mission was here  
last year.

The debate in the senate will be  
prolonged and in the end the Italian  
agreement may get through though  
at present writing the vote looks as  
if it will be close.

The significance of the debate is  
that the senate is in no mood to con-  
sider reduction of terms downward  
for France and that if Great Britain  
entertained the hope that her agree-  
ment might be revised by a kind-  
hearted congress, the speeches deliv-  
ered in London this week will have  
the opposite effect. Congress is ap-  
proaching a biennial election and is-  
sues are very scarce. There are  
plenty of voters who for traditional  
or other reasons like to listen to  
speeches twisting the British lion's  
tail and plenty of voters who have an  
inherent dislike for the French be-  
cause of the latter's constant conflict  
with Germany. This makes it pos-  
sible to make of the debt question an  
internal political squabble and there  
is evidence that members of congress  
will not fail to take advantage of the  
opportunity on the stump to alien  
themselves with the groups with for-  
eign prejudices wherever there will  
be political advantage in so doing.

## SINKS INTO POLITICS

The Italian debt problem has al-  
ready sunk deeply in the bosom of in-  
ternal politics. The anti-fascist in-  
fluence is so strong in this country  
that Senator Smoot felt warranted in  
appealing to his colleagues to disre-  
gard considerations of fascist faction-  
alism in America in considering the  
debt agreement made with Italy. His  
argument was that the American  
commission really got the best agree-  
ment possible and that it was the  
amount Italy finally agreed to pay or  
nothing for failure to settle at all  
would have meant indefinite delay.  
Replies will be made to the Utah sen-  
ator's speech by Republican and Dem-  
ocratic senators who want the agree-  
ment tabled till a better one can be  
obtained.

## CURLING IRON USED IN BATH TUB CAUSES YOUNG GIRL'S DEATH

Milwaukee — (AP) — Marguerite  
Prevot, 18 year old daughter of  
Mr. and Mrs. Joseph Prevot of  
Green Bay, electrocuted herself at  
the home of Arthur Jacquin here  
late Friday afternoon when she  
attempted to curl her hair with an  
electric curling iron while  
seated in the bath tub.  
When found, her body was badly  
burned about the chest, 150  
volts of electricity having passed  
through her body.  
The girl was attending a night  
telegraphy school and during the  
day was employed at the Hol-  
proof Hosiery company.

## SENSE TROUBLE WITH CHILEANS ON PLEBISCITE

American Officials Demand  
Suspension of Activities  
During Negotiations

Arica, Chile — (AP) — Although Chile  
and Peru have agreed for the time be-  
ing to forego the holding of a plebis-  
cite on the question of a settlement of  
an historic question, the suzerainty of  
the provinces of Tacna and Arica,  
pending an attempt by the United  
States to mediate the controversy,  
complications have arisen between the  
Chileans and American plebiscite  
officials.  
This is due to a claim by the Chile-  
ans that they accepted the good offices  
of the United States only on condition  
that the plebiscite activities should  
not be disturbed during the negotia-  
tions. The Americans are demanding  
a complete suspension of activities  
during the interim.  
Friday's announcement that a direct  
settlement of the question at issue be-  
tween Chile and Peru would be sub-  
stituted for the plebiscite, at least for  
the time being, was received with hos-  
tility by many Chileans, and fear was  
expressed in many quarters that sud-  
den reversal of the procedure might  
culminate in serious rioting and at-  
tacks upon Peruvians, especially in  
Tacna.

The Chileans took precautions  
against disturbances and expressed  
the invitation of landing men from  
warships in the event of untoward  
scenes. Registration for the plebiscite  
was to have begun Saturday.  
The Chileans ordered their registra-  
tion board to report for duty Satur-  
day. The American and Peruvian de-  
legations declined to announce what  
their policies likely would be.

## FOUR SPECIAL CARS TO CARRY HAREFOOT CAST

Madison — (AP) — A special four-car  
railroad train has been chartered by  
the Harefoot dramatic club of the  
University of Wisconsin to carry its  
twenty-eighth annual production,  
"Mary Ann" over the 1926 itinerary  
during the Spring recess in April.  
The special train consists of two  
sleeping cars, a baggage car and a  
galaing car. The 1926 show of the  
Harefoot club, "Mary Ann" is an  
original musical comedy in which  
all work including female impersona-  
tion is done by men students in the  
university. It will be presented 22  
times as follows:  
April 7, Appleton; April 8, Oshkosh;  
April 9, Sheboygan; April 10, Racine;  
April 12, Chicago; April 13, Indian-  
apolis; April 14, Peoria; April 15,  
Davenport; April 16, Rockford; April  
17, Milwaukee; April 23, 24, 30 and  
May 1, Madison.  
Approximately 70 persons, includ-  
ing 24 chorus members and a 17 piece  
orchestra, will make the trip this  
year.

## LACROSSE WOMAN IS ADMITTED TO BAIL

La Crosse — (AP) — Judge Robert S.  
Cowie in circuit court here Saturday  
noon admitted to bail Mrs. Mayme  
Hodge, charged with the murder of  
Rev. Knute Birkeland, found dead in  
an apartment in Minneapolis on Dec.  
1. Bail was fixed at \$5,000. Attorneys  
for Mrs. Hodge said they expected to  
file the bond Saturday afternoon.  
Arraigned in county court on the  
fugitive warrant which was issued on  
complaint of Birkeland's son at the  
time of her arrest, Mrs. Hodge's hear-  
ing was adjourned to April 5, to give  
the Minneapolis grand jury a chance  
to report.  
Judge Cowie, in admitting Mrs.  
Hodge to bail, said that it had been  
his impression all along that the  
Minnesota authorities had the case  
before the horse. They should first  
prove, he said, that a murder had  
been committed before making ar-  
rests for the crime.

## CAL'S CHOICE OF WOODLOCK IS APPROVED

Senate Finally Confirms Pres-  
ident's Nomination to  
Commission

Washington, D. C. — (AP) — A year-old  
controversy has been removed from  
the senate with the confirmation of  
Thomas F. Woodlock of New York  
as a member of the Interstate Com-  
merce commission. By a vote of 52  
to 25—a majority that surprised even  
the appointees friends—the selection  
was approved Friday night with a  
union of regulars of both parties. The  
roll call was not made public.  
Only a few weeks ago it appeared  
that confirmation of Mr. Woodlock  
was impossible and senate Republican  
leaders suggested that President Cool-  
idge withdraw the nomination. Sub-  
sequent developments, however, elim-  
inated many of the obstacles to  
confirm and one after another of the  
senators opposed to the New York  
man swung over to their adherents.  
These developments were the  
nomination of Richard V. Taylor of  
Alabama, which swung southern op-  
ponents of Mr. Woodlock to his side,  
and the white house announcement  
that later appointments to the com-  
mission would represent the south,  
southwest and Pennsylvania, thus re-  
moving opposition which had con-  
tended for sectional representation.  
Senator Reed, Republican, Pennsylv-  
ania, and Senator Robinson, Arkans-  
as, Democratic leader, were among  
those who endorsed Mr. Woodlock.  
Friends of the New York appointee  
were mainly silent during considera-  
tion of the nomination at the senate's  
executive session Friday, while the  
opposition was led by Senator Wheel-  
er, Democrat, Montana, Mayfield,  
Democrat, Texas, and others. The  
opposition was based on the contention  
that Mr. Woodlock was not a  
Democrat and that he was aligned  
with Wall Street. Throughout the  
session the appointee was defended  
by Chairman Watson of the Inter-  
state Commerce commission.

## THREE FATALLY HURT IN DETROIT SHOOTINGS

Detroit, Mich. — (AP) — A street car  
conductor and a robber were fatally  
wounded and a policeman probably  
fatally injured in three shootings here  
late Friday and early Saturday.  
The robber, Leo White, 30, was shot and  
killed shortly before midnight by a po-  
liceman in plain clothes while he was  
in the act of holding up a cigar store.  
It was the fifth successive night that  
a robber had held up one of a group  
of chain stores in the downtown dis-  
trict, and policemen in plain clothes  
were on guard at all stores.  
Just after midnight Leroy Coble, a  
street car conductor, was shot and  
fatally wounded by two negroes who  
attempted to rob him. Coble resisted  
the robbers and the negroes fired six  
shots, two taking effect. They es-  
caped.  
Two hours later Ford Beodore, a  
policeman, was found in an upstairs  
room of a place said by police to be a  
gambling house. His empty revolver  
and his hat and coat were found  
downstairs. He had been shot three  
times through the stomach and it is  
believed he will die.

## ARREST WOMAN FOR KIDNAPING NEPHEW

Chicago — (AP) — Mrs. Rose Hannon  
was arrested here Saturday in con-  
nection with the kidnaping of her  
nephew, Leonard Kusz, 9, of Milwau-  
kee. She will be turned over to Mil-  
waukee authorities.  
The boy was found in the home of  
Mrs. Fred Berchint who said he had  
been left there shortly after being  
brought to Chicago by Mrs. Hannon.  
It was when Mrs. Hannon returned  
for him that she was arrested.  
Mrs. Hannon said the reason she  
took Leonard was to "see if his par-  
ents still loved him."

## ELOPERS

Miss Isabelle Mary Saint, above,  
daughter of Attorney General Penry  
Saint of Louisiana, has eloped with  
James O'Neill, son of Chief Justice  
Charles A. O'Neill of the same state.  
O'Neill, below, is 21; she is 19. Their  
parents have forgiven them.

## APPLETON QUINT LOSES TO SHIPS

Manitowoc Takes Morning  
Tilt, 25-17, to Keep Macs  
from 3rd Place Game

Madison-Eau Claire and Manitowoc  
high school basketball teams will bat-  
tle for third place in the state high  
school basketball tournament at 7  
o'clock Saturday night as the result  
of victories over Shawano and Apple-  
ton in the morning games. Stevens  
Point and River Falls will meet for  
the title at 8 o'clock.  
Manitowoc eliminated Appleton, 25-  
17, largely through the uncanny  
shooting of a substitute, Arthur Fish-  
beck, who accounted for 16 points.  
Fishbeck was a star forward at the  
start of the season but had been re-  
placed in the last few games by an-  
other man. Ashman, rangy Appleton  
player, was the star of his team, with  
three field goals and the same num-  
ber of free throws to his credit.  
Eau Claire remained in the running  
by defeating Shawano, 21-14. The  
winners assumed the lead early in the  
game through the sharp shooting of  
Engelbrecht, forward, who sunk seven  
field goals.

## NORMAL REGENTS WILL FIX SALARY SCHEDULES

Madison — A committee of the state  
board of normal regents which met  
here this week to consider requests  
of the normal school presidents for  
advances and promotions in the sal-  
ary schedules, will make their re-  
commendations to the board at a sub-  
sequent meeting. It was announced  
Saturday. The proposed changes were  
not made public, pending board ac-  
tion.

## SNOW AND RAIN ARE EXPECTED NEXT WEEK

Washington, D. C. — (AP) — Weather  
outlook for the week beginning Mon-  
day:  
Region of Great Lakes: Period of  
snows or rains, the early part and  
again during latter half; temperatures  
will average near or below normal.  
Upper Mississippi Valley: Period of  
snows or rains at beginning and again  
shortly after middle of week; tempera-  
ture will average near or below nor-  
mal.

## AGED ASHLAND WOMAN SUCCUMBS SATURDAY

Ashland — (AP) — Mrs. Jane Culbert,  
83, died Saturday morning at the home  
of her daughter here. She was born  
in Prairie Du Chien and later lived in  
Eau Claire before moving to Ashland  
in 1887.  
Her husband, William, died in 1902.

## CHINESE ATTACK U. S. CITIZENS

Soldiers Disperse Commu-  
nists Who Riot Against  
American Missionaries

Hongkong — (AP) — A communistic  
movement directed against American  
missionaries caused a flareup in  
Kweilin, approximately 600 miles  
northwest of here Saturday, when a  
mob stormed the American mission-  
ary compound there and seized and  
bound the Chinese Christian in  
charge.  
Soldiers were rushed to the scene  
and they fired a warning volley in  
the air at which the rioters dispersed.  
Later a proclamation was issued  
claiming a victory over the Christians  
whom they threaten to drive out of  
southern China. The American gun-  
boat Pampanga is at present at Wu-  
chow, a river point midway between  
Hong Kong and Kweilin.  
The communist committee which  
styles itself "the union for the pro-  
tection of the people" has seized an  
American mission book store at Wu-  
chow.  
British missionaries have not been  
molested. Private advices received  
from the Wuchow predict an impen-  
ding sweeping communist movement  
directed at missionary bodies, prin-  
cipally those at Wuchow and Kweilin,  
both of which are located in Kwang-  
si province.

## SHEFFIELD URGES THAT BANDITS BE PUNISHED

Washington, D. C. — (AP) — Ambas-  
sador Sheffield has delivered a note  
to the Mexican government urging  
that expeditious action be taken to  
apprehend and punish the bandits re-  
sponsible for the kidnaping and rob-  
bing of a group of American mining  
engineers near Asarco, in Durango.  
In a brief message to the state de-  
partment Saturday the ambassador  
said merely that he had delivered the  
note, and department officials in the  
absence of the more comprehensive  
reports were inclined to believe that  
he had not protested the situation  
which has led recently to a series of  
attacks upon Americans in Mexico.  
They thought it probable he had acted  
with a view of stimulating capture  
and punishment in the specific case  
mentioned.

## WOMAN OUT-PONZIES PONZI WITH FRAUDS

New York — (AP) — Mrs. Grace Ott  
Range and her husband, a \$40 a week  
clerk, were under arrest Saturday  
charged with swindling friends and  
relatives out of nearly \$450,000 in  
fictitious stock transactions. Mrs.  
Range admitted to police, they say,  
that she told friends she was able, as  
an employee of the New York Tele-  
phone Co. to buy the company's  
stock at par, which is under market  
price. They flocked to her asking to  
invest money for them and she gave  
them receipts but no stock. From  
time to time she paid dividends for  
them. She appears to have out-pon-  
zied Ponzi, said Detective  
Lieut. August Mayer, who believes  
she was the brains of the pair.

## FIRE COSTS FURNITURE PLANT ABOUT \$100,000

Sheboygan — (AP) — Fire of undetermined  
origin caused an estimated  
loss of \$100,000 to the Inland Furni-  
ture Co. plant here Saturday. Sever-  
al fires have occurred here recently.  
William A. Greenwald had left the  
city only a short time before the In-  
land Furniture co fire occurred.  
Persons living near the plant told  
authorities that a man was seen leav-  
ing hurriedly just before the fire de-  
veloped.

## SENATE QUIZ INTO STRIKE IS DEFERRED

Edwards Blocks Probe of  
Trouble in Textile Indus-  
try at Passaic

Washington, D. C. — (AP) — The pro-  
posed senate investigation of the  
Passaic textile strike was blocked for  
at least a week Saturday by Senator  
Edwards, Democrat, New Jersey. On  
his motion the senate manufacturers  
committee voted 6 to 2 to defer the  
question of an investigation until af-  
ter Senator Edwards had had an op-  
portunity to make a personal survey  
of the situation at Passaic.  
The senator will make his report  
at a meeting set for next Saturday.  
Senator La Follette, Republican,  
Wisconsin, author of the senate resolu-  
tion proposing a senate inquiry,  
urged that there be a preliminary in-  
vestigation so the committee might  
have information on which to act on  
his proposal. He suggested that the  
committee hear one representative of  
the manufacturers and one of the  
strikers.  
Senator Edwards charged that in  
connection with the strike efforts  
were being made at organizing "a  
communist propaganda," and that the  
"strike agitators" are seeking to  
extend the field of disturbance at Pat-  
erson.

## CITIES NOT RESPONSIVE IN URGING DRY ACTION

Milwaukee — (AP) — Seventeen replies,  
only two of which were favorable,  
have been received to an appeal sent  
Feb. 26 to 700 cities throughout the  
country asking that they join the  
city council of Milwaukee in urging  
congress to modify the prohibition  
law.  
A tabulation Saturday, showed that  
the appeal which contained a resolu-  
tion recently presented to the senate  
by Senator Robert A. La Follette of  
Wisconsin, and which urged that the  
sale of beer and wines be legalized,  
met with little response. Even in  
Wisconsin, some cities indicated that  
there was no interest in the proposal,  
and Irvine advised that the appeal  
had found its way into the waste-  
basket rather than into the records.  
Of the 17 replies received, five  
cities stated that they were for law  
enforcement, and saw no reason why  
the present law should be changed.  
The cities favored the Milwaukee  
proposal, while the remaining 10  
merely acknowledged its receipt.

## DRUNK AND LOST, HE CALLS PATROL WAGON

Detroit — When a police officer dived  
up at the corner of Harper and Cen-  
terline-aves, the other night in re-  
sponse to an urgent call, Stanley  
Sankiewicz, 34, staggered up, opened  
a door of a machine and crawled in.  
"Arrest me," he ordered thickly.  
The officers were obliging and when  
he was arraigned before Judge Don-  
ald Van Zile in the recorder's court  
he made this explanation:  
"I was intoxicated, your honor, and  
I was lost. I knew I'd be all the  
more lost if I kept on going and I  
figured I might get into trouble. So  
I called the wagon. Now, I'm sober  
and I can find my way home easily."  
Judge Van Zile suspended sentence.

## RECOVER OVERCOAT FROM FUGITIVE BOY

Stevens Point — The capture of Clif-  
ford Kennedy of Merrill, 17, who es-  
caped from the State Industrial home  
at Waukesha last Monday, brought  
about the recovery of an overcoat  
belonging to W. R. Cook of this city  
which had been missing for months.  
Kennedy, who is being returned to  
Waukesha, said the coat was given  
him by two young men companions  
who met at Fred and Lee and joined  
him continuing his flight north.  
Cook lost the overcoat last fall and  
thought he had mislaid it. When it  
failed to show up he concluded it had  
been stolen from his car. Police  
hunted for Kennedy's companions  
but failed to find them.

## "HERETIC" TRIAL IS DELAYED BY ACCUSERS

Palmyra, Ind. — (AP) — Witnesses  
leaving the trial of Dr. Clyde Martin  
here Friday said the case against  
him had been continued until April  
1, because those pressing the charges  
had not been able to find anyone  
whom they considered capable of  
properly presenting their side. Mar-  
tin was brought to trial by members  
of his church, the Church of Christ,  
on charges involving his recreational  
activities among young people.

## PROPOSES MUSIC AUDIBLE ONLY TO ACTUAL DANCERS

London — (AP) — Dancing to music,  
which is audible only to the dan-  
cers themselves, is the idea of  
Professor A. M. Low of the Wire-  
less league. He is trying to per-  
suade the league to test his plan  
when it gives its dance at the  
automobile club April 23.  
Professor Low proposed, says  
the Daily Express, to equip each  
dancer with a head phone fitted  
for inductive transmission. By  
the use of this phone, he says, the  
dancer will be able to do tangoes,  
for tango and other dances, keep-  
ing eyeing the music and rhythm  
while not a sound of the music  
will be audible to the spectators.

## WET GROUP ASKS CONGRESSMEN TO POLL DISTRICTS

Leader of Anti-prohibition  
Society Suggests New Por-  
posal

Washington — (AP) — An offer to  
"reputable" members of congress to  
poll their constituents on the prohibi-  
tion question was made Saturday by  
the Association against the Prohibi-  
tion Amendment.  
The proposal, announced by Wil-  
liam H. Stayton, founder and chair-  
man of the association, would ap-  
ply "only to representative of high cal-  
ibre who are sincere in their desire to  
vote as their constituents want them."  
The wet organization would pay the  
costs of the polls which would include  
every registered voter in the district  
concerned and the cooperating mem-  
ber of congress would have the right  
to name the ballot questions.  
There are many members of the  
house of representatives," Mr. Stay-  
ton said, "who are personally oppo-  
sed to the Volstead act. They vote dry  
on all prohibition questions because  
they believe their constituents want  
them to vote dry. We believe many of  
them are misguided in this matter  
and we are anxious to help them as-  
certain the true sentiment of their  
voters."  
Mr. Stayton, who has been selected  
as spokesman for modificationists in  
both houses to appear before the sen-  
ate committee hearing on pending  
modification bills, did not go into other  
details of the proposal. Neither did  
the other mention the proposal made  
last week on modification intro-  
duced by Senator Edgar Republican,  
New Jersey. With the senate commit-  
tee hearing still a week off, discussion  
of prohibition and developments af-  
fecting its enforcement continue at a  
fast pace.

## SEEK CULT LEADER IN FRISCO MURDER

San Francisco — A woman richly  
rewarded black satin, who visited  
Maurice Timon last night, might be  
fore he was killed last Friday, was  
"high-priestess" of the devil-worship-  
ping cult, which, according to police  
theory, ordained the old man as a hu-  
man sacrifice.  
Detectives believe this woman was  
one Juana Fernandez, Havana. Timon  
had sent several letters to her and the  
last one had been returned stamped  
"Barred from Cuban mails on grounds  
of fraud."  
The "high priestess" was one of  
many women who visited Timon's  
lonely hotel at night, but she always  
waited until all the others had gone  
before she entered.  
Police discovered that Timon had  
been marked for death by the cult a  
year ago, but an effort to kill him by  
turning on the gas while he slept  
failed. Since then he had come into  
possession of a satanic stone, an  
opaque talisman resembling white  
quartz and chiseled into two connect-  
ing spheres. It was found Thursday in  
a satin-lined box among his effects.

Madison — (AP) — Three men, two of  
whom were policemen, Lyman Mason  
and Taylor Gray, bombed the resi-  
dence of Jim Viale in Madison's "lit-  
tle Sicily" a year ago, Rudolph Jess-  
ner, restaurant proprietor, testified in  
circuit court here Saturday. Jessner  
is charged with murder in connection  
with the slaying of Palmer Thomp-  
son, a policeman.  
Jessner said he saw the policemen  
stand by while a third man placed the  
bombs.  
He alleged that Patrolman Earl  
Bonner aided his brother, Lester, in  
disposing of liquor, that members of  
the "little Sicily" patrol frequently  
mistreated persons in that section,  
that policemen helped burn two crosses  
near the spot where Patrolman  
Herbert Dreger was fatally shot on  
Dec. 2, 1924, and that officers and  
others had ordered Jessner to leave  
the "bush" as the section is called.  
Asserting he had supernatural pow-  
ers, Jessner testified he could foretell  
consequences, and place a fatal  
"curse" upon persons. He said he is  
responsible for the illness of Mrs.  
Morgan Griffiths, former police wo-  
man, placing a "curse" on her be-  
cause she arrested him.  
He said he did not place a "curse"  
on policemen who had harassed him  
"because I wanted to place charges  
against them and because I wanted  
them to be alive and suffer."  
He claimed he acquired the super-  
natural powers through "persecu-  
tion."  
A cross which was burned on the  
anniversary of Dreger's slaying, taken  
by Jessner from the scene of his burn-  
ing and two doors with panels broken  
were in the courtroom. Jessner  
claims the doors were broken by Pa-  
trolman Mason when the latter was  
alleged to have been intoxicated.

## MARTHA WASHINGTON'S KIN IS SUED BY WIFE

Washington, D. C. — (AP) — Armisted  
Peter, Jr., descendant of Martha  
Washington, and an invalid at his  
historical colonial mansion, Tudor  
place, in Georgetown, is defendant in  
a suit filed here, by his estranged  
wife demanding an accounting of  
property and valuables worth \$2,300-  
000.  
Mrs. Anna W. Peter of Dulles, Vir-  
ginia, N. Y. who has lived apart from her  
husband for two years, brought the  
suit after an inventory of the prop-  
erty under a court order disclosed, she  
charged, that some of it had been  
used by Mr. Peter without her au-  
thority.  
The action came as a surprise to  
social Washington, although the es-  
trangement of the couple had been  
known by many persons for some  
time. The suit papers make no men-  
tion of any marital difficulty be-  
tween Mr. and Mrs. Peter.  
Mrs. Peter declared her husband  
had managed the estate for 10 years,  
but that she had revoked last June  
all authority she had given him. Since  
then, he had used certain securities  
included in the property without her  
consent. No announcement was forth-  
coming from Tudor place.

## TWO COMPANIES BID FOR AIR MAIL ROUTE

Washington, D. C. — (AP) — Two bids  
were received for the Chicago-Atlan-  
tic air mail route Saturday, the Na-  
tional Airways System of Lomax,  
Ill., offering to take the contract for  
6 1/2 per cent of the air mail re-  
venue and the Federal Aircraft com-  
pany, Newark, N. J., for 80 per cent.  
The latter bid was accompanied by  
no bond and therefore was not con-  
sidered.

## FARMER WORKS 2 WEEKS WITH HIS NECK BROKEN

Garner, Ia. — (AP) — Emil Beyer, a  
farmer, living near here, has con-  
tinued his work for two weeks with  
a broken neck, an X-ray photograph  
reveals. The injury was received  
when a heavy timber fell upon him.  
Except for "croaks" in his neck he  
suffered no ill effects until a day or  
two ago, when a paralytic condition  
began to appear in his throat and  
tongue.

# JEWISH CHURCH WILL CELEBRATE PASSOVER FEAST

Observe Annual Spring Custom on March 30 With Special Services

The Feast of the Passover will be celebrated by Moses Montefiore congregation and Zion temple on March 30, and services will be held during the week in honor of the Jewish spring celebration. Members of Zion temple will have a dinner at 6 o'clock on Monday evening at Zion temple hall to be followed by the Passover services, and at 10 o'clock Tuesday morning religious services will be held in the temple. Moses Montefiore congregation will hold religious services from 7 to 8 o'clock Monday evening, March 29, and from 9 to 12 o'clock Tuesday and Wednesday mornings, March 30 and 31, and on Monday, Tuesday and Wednesday mornings, April 1, 2, 3 and 4.

At the time of the full moon of the first spring month, the Jewish people have celebrated Passover, the world's first festival of freedom, in memory of the paschal offering of the Exodus from Egypt and the Feast of the Unleavened Bread, ever since the Israelites won their freedom from Egyptian slavery and began their trip to the Holy Land. This spring celebration although it is sometimes during the cold weather in northern climates comes during the harvest season in Palestine, where the festival day originated.

Services in the synagogue and a family service called the Seder mark the opening of the feast day. The symbols of the Seder are unleavened bread, the lamb bone, bitter herbs, and various other things that recall the incidents of the first redemption of Israel and of its subsequent history.

# PUT APPROVAL ON Y. M. C. A. CAMP

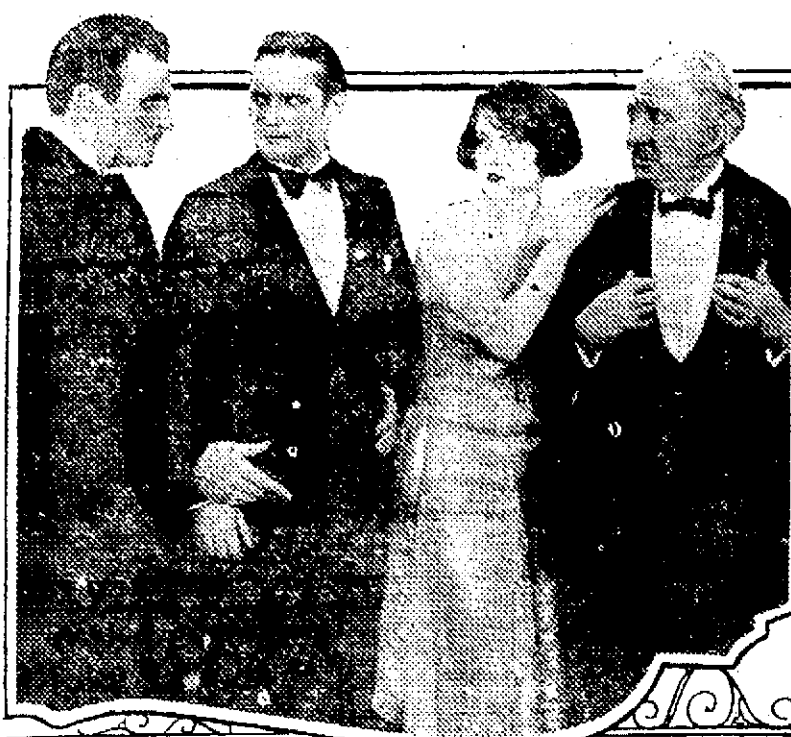

75 Boys Can Be Accommodated at Summer Camp at Onaway Island

Directors of the Appleton Y. M. C. A. authorized officials of the boys department and members of the boys work committee to proceed with plans for the proposed boys camp at Onaway Island, Wisconsin, in July, at their monthly meeting Friday afternoon. The directors' sanction of the camping project makes possible the first summer camp for boys of the local association. The camp period will be from July 1 to 15. Details of the trip will be worked out by the boys work committee. There will be room for about 75 boys at the camp and if an insufficient number of association members sign up for the trip the opportunity for the outing will be thrown open to all boys in Appleton between the ages of 12 and 18.

The report of the office secretary showed that several dormitory rooms are now vacant, a rather unusual circumstance, as these rooms have always been well filled up to the present time. The report on the cafeteria showed that business in this department had shown a slight increase over that of the few previous months.

The condition of Mrs. E. C. Minter, Freedom rd., who has been seriously ill, is improving, it is reported.

Carlton Zuczek, Jack and Carl Meyer, are attending the basketball tournament at Madison this week.

R. A. Raschig was appointed chairman of the music and flower committee and will be assisted by W. R. Wheaton and George Wietengel. The invitation committee consists of A. H. Wicksberg, chairman; R. H. Purdy and H. K. Pratt, refreshment committee; Carleton Sackey, chairman; William Books, G. L. Carlson and Herman Whitbaker. H. M. Garrow is chairman of the reception committee. He will be assisted by John Lappin, Percy Whitstein and Olin Meade.

# HOME BUILDERS TO HEAR TALK ON YARD GARDENING

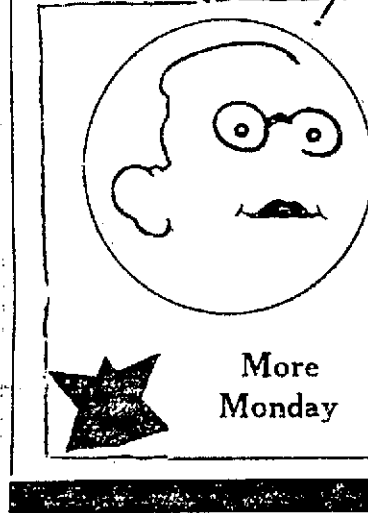

What is said to be the most interesting subject in the home building course at the Y. M. C. A. will be presented at the regular meeting of the class Monday evening, when Donald Bussey, Appleton landscape gardener, discusses Planning and Planting the Home Grounds. He will accompany his talk with stereopticon slides from the National Cash Register Co., of Dayton, Ohio, showing how that concern has improved the part of the city in which it is located by modern landscape gardening. The section of Dayton in which the cash register factory is located and in which thousands of employees reside was formerly the worst slum district in the city, but now because of intelligent

You will agree with the Dentist who points out that:

THE dentist who tries to make you believe he is giving you something is usually handing you something. He is deceiving either you or himself.

Just as you sell your services at a profit, so must others sell at a profit—fair to you, who pay for it, and fair to the person who asks it.

A dentist who sells at a fair profit is one who becomes and remains a responsible party with whom you may do business on a basis of mutual confidence—he is confident that he is giving full value for the dollars he receives, and you confident that you are receiving full value for those dollars.

To remain in business, he must earn a continuing profit from you, his patients, who go to him in increasing numbers because he sells you first-quality products at fair prices, and renders cheerful and intelligent service.

# CAR INSPECTORS WAR AGAINST OLD LICENSE PLATES

Tag Almost 100 Automobiles  
in Fond du Lac in Day; Vis-  
it Appleton Next

State automobile inspectors operating under the direction of Glen Woodworth, district chief, invaded Fond du Lac this week and started city-wide activities to curb the driving of automobiles with improper licenses. Appleton probably will be visited in the near future as the state inspectors usually "make" this city each year. So far they have not been here except for a one-day visit of one man about three weeks ago, local police said.

The agents start at one end of a city and continue straight through, tagging the cars bearing 1925 licenses with small blue tags. Almost 100 cars were tagged in one day at Fond du Lac. The tags inform the car owner that he must appear at the police station and show cause why he has not purchased proper number plates or why he should be allowed to operate the machine with improper numbers.

Motorists who fail to give sufficient reasons or those who fail to show they have already applied for license plates can be booked at the police station and arraigned before the municipal judge on charges of operating automobiles without proper numbers. Judge H. M. Pellenz of Fond du Lac said he probably would impose the \$1 and cost sentence, although in extreme cases, where through pure negligence, the motorist has failed to apply for numbers, the fine would be more. Three days in jail can be tacked on to the fine, the judge said.

Chief Woodworth said the campaign would continue until Fond du Lac car owners were operating under state laws.

## 3 APPLETON GIRLS HEAD SORORITIES

Three Appleton girls will head Lawrence sororities during the ensuing year. Although all college Greek letter societies have not yet elected officers, five sororities and three fraternities have announced the installation of new officers.

Ione Kriess, '28 will head Delta Gamma sorority. Eleanor Smith will be president of the Zeta Tau Alphas, and Wilma Theide, also of Appleton, will lead the Alpha Delta PIs. Kappa Delta president will be Verel Knapf of Beaver Dam, and Helen Davy, Nashotah, is president of Kappa Alpha Theta.

Fraternity presidents elected include Roy Sund of Neenah, president of Theta Phi George Nieder, Elgin, and Bela Sigma Phi, and Donovan Jackson, Kewaunee, Ill. Phi Kappa Tau.

## Attitude Of Parents Is Teachers' Big Problem

Education of parents is an important factor in child discipline, according to the reports of discipline cases in the kindergartens of the Appleton public schools made to Ben J. Rohan, superintendent of schools by nine kindergarten teachers. These cases were analyzed and compiled into one report, for the benefit of the other kindergarten workers when dealing with problems of discipline.

Parents are apt to talk too much before children about their faults and accomplishments, thus giving the child an exaggerated idea of the importance of these characteristics, several of the teachers said. An unfortunate method of punishment is sometimes used with children, it was said, by threatening them with school or the teacher as if the institution and its instructors were in league with the police system, it was stated.

The problem of the child who has been "bought" or threatened in order to have him do things confronted a few of the instructors, the report stated. These children are given the idea that it is necessary to be given a prize for going through with school attendance. The other type, children who are threatened with some punishment if kindergarten is not attended regularly or parents are not obeyed, are eventually entirely distorted that extreme shyness, uncontrolled tempers, sulky, unmanageable

## ELECT SNYDER HEAD OF COLLEGE Y. M. C. A.

Harry Snyder of Farmington, Minn. will lead the college Y. M. C. A. for the coming year as a result of the annual elections held at the close of the second quarter. Mr. Snyder is a junior.

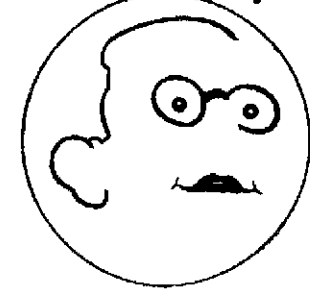

Other officers elected are William

Verhage, '28 Shohoyean, vice president; Elmer Ott, '28, of Kaukauna secretary, and Gordon Bush, '27, of Augusta, treasurer.

dispositions, and even speech disorders sometimes result, it was said. In dealing with such cases, the teachers have tried to overcome the complex already imbedded in the child by appealing to some trait that will bring pleasure to the child, and from this nucleus build up his confidence. The desire to play a special game in the kindergarten was a wedge used by one kindergarten teacher. The child was to play that game unless he was not allowed to play that game unless he was willing to play the other games and join in the story telling and singing with the other children.

Some of the children's present behavior problems in school are intelligent but badly spoiled others are mentally deficient and are eventually placed in institutions, and still others have physical handicaps which are prone to make the child self-conscious and shy when they do not actually unfit him for joining in the play with the other children, according to the report.

## Only a Buick Could Stand this Test!

Buick has the only chassis built today that can take a "shower bath" while the engine is running and driving the wheels.

Only Buick provides the design which could undergo such punishment. Of all cars built today, Buick alone has the complete protection of the "Sealed Chassis" and "Triple-Sealed Engine."

Every Buick operating part is "sealed" inside a dirt-tight, oil-tight, water-tight iron or steel housing.

A "Triple Seal" (air cleaner, gasoline filter, oil filter) stops injurious outside elements at every engine port of entry.

Road slush and grit cannot reach Buick vital parts. Rain and moisture cannot cause short circuits in the Buick electrical system. Even the spark plugs are covered!

Come in and see, with your own eyes, why Buick motor cars are more dependable. Only a Buick could stand the "shower bath" test!

of legislation and the right kind of enforcement is, as in most other American problems, cheap politics. It is time we put this kind of politics on the rack where human life is involved.

**DEFEAT OF GOODING BILL**  
It is a fortunate thing, not merely for the middle west but for the country at large, that the Gooding bill which would have prohibited the Interstate Commerce commission from making a lower rate for a long haul than for a shorter haul to intermediate points has been defeated. The measure was wrong in principle because it attempted to substitute what would be in effect legislative rates for what might be termed judicial rates. It would have deprived the Interstate Commerce commission of discretionary powers it now possesses that are essential to the fixing of equitable freight rates, having proper consideration for the interests of shippers, railroads, cities and sections of the country.

The fixing of freight rates is a highly complicated and intricate matter. Adjustments and readjustments are constantly being made in an effort to make the transportation fabric of the nation function equitably and constructively. It is necessary that the commission shall not be controlled by a rigid rule in the making and equalizing of rates. That it does not use its authority arbitrarily is shown by the fact that only a few days ago it rejected an application of western transcontinental lines to reduce their rates on certain commodities to meet competition of water rates through the Panama canal. The statements made by the Chicago newspapers which opposed the Gooding bill so vehemently were overdrawn. There was no possibility that commerce and industry in the central west would be destroyed by the passage of the act, although it is true it would have affected many producers and shippers adversely. The important thing is that a bill has been defeated which would have prevented the Interstate Commerce commission from giving relief to railroads and shippers where it is clearly shown they are entitled to relief. Under no circumstances should congress attempt to legislate freight rates, nor should it presume to lay down a basis of rate making that is inflexible. The Interstate Commerce commission will not permit the railroads to publish tariffs below the cost of the service in order to ruin or eliminate water competitors.

The country should enjoy all the benefits of water transportation that may accrue by reason of natural waterways, canals, etc. But the waterways, and the railroads as well, should stand on their own bottoms. Where water transportation is the most efficient and cheapest it should, and invariably does, prevail, but this should not prevent the granting of rates to railroads that would in a sense be competitive. Objection is made to Panama canal competition on the ground that the canal does not pay its way, and it is argued the toll should therefore be increased. We do not know that that is in itself a sound proposition. Many harbors and waterways are maintained by the government at public expense. The economies of water and railway transportation will be worked out in the future in the light of sound national policy.

A warning to missus: You won't know what bliss is—  
if I must be perfectly frank—unless you're exacting  
in ways you are active. Be careful, or papa will spank.

A judge, down in Georgia, has actually scored a victory by saying, if naughty you be, that daddy may take you, in effort to break you, and turn you right over his knee.  
If dinner's not ready when father has said he will be on the job to be fed (imagine the riot, if papa would try it, he'll spank you and send you to bed).  
Perhaps some occasion brings quite an invasion of bills for things purchased anew. Dad pays, to stop action, but gets satisfaction by taking it out upon you.  
It may be real clever—this plan—but it never will make any woman folks swerve. The judge is a kidder who failed to consider that father is shy of the nerve.

**AN UNPUNISHED CRIME**  
Again the headlines carried the shocking news, the other day, of a child cruelly murdered with strychnin, and once more the public prints served humanity by carefully suppressing the identity of the murderer, the wretch who killed that child, not in passion nor by premeditation, but just incidentally in the pursuit of gain, a perfectly legitimate business transaction, a business principle which is honored and worshipped in this business first country. The child found some little chocolate tablets, and naturally swallowed some of them as candy. The tablets were kept in the house—  
Contributory negligence on the part of the housekeeper or whoever it was that kept poison in the house, likewise went unpunished, for such negligence is legitimate and proper, even though it brings the shadow of death upon the home.  
The tablets the child found and ate were kept in the house for the convenience of certain members of the family who cultivated a drug habit, an indulgence which all of our best popular magazines and many of our most respectable newspapers constantly urge upon the public as a rather despicable or unhealthy habit to cultivate, but nevertheless a habit which no more requires indulgence than does a cultivated craving for "light wines and beer" or a hankering for outrageous speed or the maintenance of an artificial Sahara in living rooms or work-sary things, places them within the reach of anybody who cares to try them, and there are sure to be many who will get the habit and they will strive to justify themselves in the habit, at whatever the cost.

The tablets which concealed death in a chocolate coating were a therapeutic monstrosity invented years ago by some professor of therapeutics whose knowledge of the action of drugs was primitive. The formula for the tablets originally called for a dash of aloes, a dash of belladonna and a dash of nux vomica (the herb from which strychnin is extracted). It is silly to combine such drugs, for the ingredients are not inert. The belladonna is all through before the aloes can begin to act; the belladonna, the herb from which atropin is extracted, was presumably intended to act as an antispasmodic and so prevent griping from the horse medicine—aloes was originally employed as a cathartic for horses, but if that is the purpose, the belladonna should be reserved until about four or five hours after the cathartic is taken. What the strychnin in the shot-gun is for, the devil might be able to explain. Anyhow it is a crime to combine such drugs, from the modern point of view. It is a crime to encourage ignorant and irresponsible people to keep poisons in the house.

Somebody should be punished for the murder of this child. I think I should want to carry out suitable punishment myself if my child were the victim of such a crime. I should be sorely tempted, I imagine, to seek out the fine Christian business man who, for filthy gain, placed the poison in my child's innocent hands. I should take vengeance, since the state takes no notice of this sort of murder.  
The penny-snatching child murderers know as well as I know that they are not justified in selling, peddling, giving away or placing at the disposal of the public any such deadly poison, concealed or plainly labeled. But damn their black souls, the law permits them to do so, the business world in general applauds the game and even our religious leaders never inveigh against it.

**QUESTIONS AND ANSWERS**  
**Non-surgical Biliary Drainage**  
Kindly inform me about a tube which I have heard is used by physicians to drain the gall bladder through the mouth. Is it a private device used by some, or can all physicians use it? What is its name and description? Where can it be bought? (Miss M. D. H.)  
Answer—The rather impressive name of the method perhaps accounts for its appeal. The duodenal tube is a refined stomach tube which doctors use nowadays to procure a specimen of duodenal contents or to administer food or medications in cases of ulcer. Lyon advocated the administration of Epsom salts through the duodenal tube, for the purpose of exciting an outpouring of bile from the gall bladder into the duodenum. This was originally employed to obtain a bile specimen for analysis, but later the procedure was used as a method of treatment in cases of gall bladder inflammation. At present it is a quackery. The physiologists find that the bile is discharged from the gall sac just as well after the natural passage of the chyme into the duodenum from the stomach, as it is after the administration of Epsom salts through a duodenal tube. If it were my gall I think I'd worry along without the Lyon "non-surgical biliary drainage."

**A WARNING**  
Hey, look where you're goin'. Your nerves are too tense. Your drivin' is shown. You haven't much sense. You'll save but a minute through speedin' along and all there is in it is gettin' in wrong.  
You may think you're plucky, an' game at the wheel. In truth you're just lucky. Say, how would you feel if some little kiddie were hit by your car. The roads are right skiddy. How foolish you are!  
This racin' and tearin' has gotta be stopped. The thrill of it's wearin' till good sense is dropped. Your nerves will be wrecked. Take your foot off that gas. It seems you expect that no auto must pass.  
Says where are ya goin', an' why all the speed? Some common sense shown is just what you need. You value your life? Why, it's not worth a dime, when you speed like a mad man. Try takin' your time.

He looked even worse than shabby. His clothes hung like burlap sacks, of size, and unpressed.  
No one seemed to know him, as he trudged along the street—except the little kids, on their way to school, and the few pigeons that flew around the neighborhood.  
The kiddies rushed up and took hold of his hand. He walked to school with them. The pigeons circled down and flew around him, pecking up the little crumbs that were tossed from a torn coat pocket.  
That was his life—mingling with the young folks, and the birds. Spreading happiness.  
Derelect? Perhaps. But what was missing on the outside was more than made up for by what was on the inside.  
It doesn't make much difference whether people laugh at the jokes of this age—or at the age of these jokes. Just so they laugh.

**CITES POWDERED COAL AS ECONOMICAL FUEL**

Pulverized coal was described as the most economical and the cleanest fuel for power plants in an illustrated lecture on Powdered Fuel by A. J. Johnson of the Kennedy-Danforth Co. of Danville, Pa., at a meeting of Stationary Engineers in Trade and Labor hall Friday evening. About thirty persons heard the lecture.  
Mr. Johnson told of the discovery of powdered fuel in England in 1865 and traced its development to the present time when it is extensively used in large power plants.  
He said that powdered fuel is almost smokeless and the ash loss is very small because all the heat-giving elements of the fuel are consumed in powdered fuel furnaces. The coal is powdered to such an extent that 90 per cent of it will pass through a screen with a mesh of 200 to the inch.  
**Civil Service Exams**  
Two civil service examinations were held at the postoffice Saturday morning. They were for the appointment of elementary school teacher and junior high school teacher. The test were given under the supervision of Herman Franck, assistant postmaster.

STAGE  
AND  
SCREEN

"PHANTOM OF OPERA" CALLED  
CHANNEY'S BEST

Lon Chaney, of "The Hunchback of Notre Dame," and the two favorites, Mary Philbin and Norman Kerry, who played together in "Merry Go Round," one of last year's greatest successes, all play together in "The Phantom of the Opera," Lon Chaney's successor to "The Hunchback." Universal's spectacular mystery coming Monday to the Bijou Theatre.

Miss Philbin plays the role of Christine Daael the opera singer whose love the "Phantom" sacrifices his life for, one of the most important roles in modern literature. Many stars were considered and several were negotiated with, before, at the behest of Rupert Julian, who directed her in "Merry Go Round," Miss Philbin was decided on. Julian directed the new Chaney picture and holds that Mary Philbin, in his estimation, is the only actress who was ideally competent to play the role. In this Lon Chaney conceived.

Norman Kerry and Lon Chaney played together in "The Hunchback of Notre Dame" and are close friends, so Kerry's choice for Count Raoul de Chagny in the production was hailed with joy by the stars.

The meeting of the lad near-brother in two famous pictures of last year in the big production of the Universal new season is in line with the policy of Carl Laemmle for big cast-per-productions. All three of the leads in fact literally all star casts—for sure—as among the best known stars of the screen, and never before have the three all played in a single picture.

LOWE WINS LAURELS  
IN MYSTERY ROMANCE

Is it true that criminals bend together under the lead of single villain of powerful intellect, and contract to murder and person whose name is handed to them; provided a fee is paid for the assassination? Could one man control such a band and not be betrayed by those who did his bidding, and is it possible that one with sufficient intellect to head so foul a brood could be heartless enough to have men murdered as a purely commercial proposition?

"This question enters intimately into "Champion of Lost Causes" in which the brilliant Fox star Edmund Lowe will play the tense role of Robert Loring. Loring is a conniver, author, possessor of so much human sympathy that he is always impelled to hasten to the aid of the unfortunate.

A profound mystery is the motif

of this latest photoplay and the thrilled audience will be forced to hold themselves in suspense until the final climactic fight before they actually learn the identity of the villain of the tale.

Mr. Lowe enacts in this tense Max Brand story a role of great emotional requirements, stronger by far than any role in which he has been seen before. It comes to the New Bijou Theatre Monday and Tuesday.

"GAG MAN" PLAYS  
IMPORTANT ROLE

Among the host of clever persons who combine to make the perfect picture production, there are a great number who go on, day by day, doing their bit in a creditable manner without ever appearing in the spotlight.

Prominent among these is the "gag man." In movie terms, a "gag" is a situation, ordinarily quite independent of the plot but relating generally to the story. In other words, it is an interesting, and more than often comical sidelight, that adds tone, color, and life to the story.

The "gag man" is the one who thinks these situations out and adapts them to the plot. Nowadays no good feature picture is without its "gags." In the Christie production of "Seven Days," from the stage farce by Mary Roberts Rinehart and Avery Hopwood, which appears at the Fischers Appleton theatre Monday for a 2 day run, Norman McLeod is responsible for the many and various situations that provoke mirth.

McLeod started in films drawing the funny little cartoons that attracted attention on the subtitles of Christie Comedies. Because he can see the funny side of things without losing the human element, he was attached to the "Charley's Aunt" company when that film was made. When "Seven Days" went into the production, as "gagman" he became the director's first aide.

— cast of "Seven Days" which is a Producers Distributing Corporation release, directed by Scott Sidney, includes Lillian Rich, Creighton Hale, Lillian Tashman, William Austin, Halham Cooley, Eddie Gribbon, Rosa Gore and others.

BEAUTY WITH STRENGTH

It is a mistake to think that stair parts must be thick and large in order to be beautiful

JUDGING from many stairs you see, some people seem to think that a stair balustrade must be of gigantic size. Newel posts six inches square are not uncommon. It is a mistake to think that a thing is either strong or beautiful just because it is big.

Look at this Curtis stairway, for instance. Here you see very slender balusters, and a very small newel. It is the proportions of these details that make this stairway beautiful. The strength of the stairlies in the way it is put together.

This stairway is typical of all Curtis

Woodwork. Every item—stairs, cabinetwork, trim, doors, windows, porch material—is the work of designers who know good architecture and interior decorating.

Come in and see some Curtis designs as they actually are. They will give you a new appreciation of what woodwork of good design can do to make a beautiful home.

**RIOT OF COLOR IN GREENHOUSE AS EASTER NEARS**  
Lilies, Daffodils and Jonquils Ready for Appleton Flower Lovers

People who love flowers and plants are fond of a colorful display of nature's handiwork will have a real treat if they visit the Riverside greenhouse the week previous to Easter. One of the most gorgeous displays of spring flowers ever shown in Appleton will be in bloom at that time to delight the eye and heart of every nature lover.

Of course the Easter season floridly speaking would not amount to very much without a profusion of the large white and wax like Easter lilies which form such a pleasing contrast with their dark green stems and leaves. During the first part of next week there will be at least 1,200 of these beautiful flowers in bloom at the greenhouse. The lilies have been kept in a cool temperature this week so they will not bloom prematurely. Each plant has only one or two flowers now and a large number of buds so that they will bloom profusely in the homes of those who buy them at Easter time. The Easter lily is primarily a foreign plant as the bulbs are raised in Japan and sent to flower dealers in this country. There is also a large quantity of calla lilies at the local greenhouse. These are somewhat similar to the Easter lilies in color and general appearance but are considerably larger.

The bright yellow daffodils and jonquils rank second in popularity to the lily as an Easter flower. There are thousands of these brilliant blossoms at the Riverside greenhouse and they too are being kept in check so that they will bloom in large numbers in Appleton homes throughout the spring season. The daffodil and jonquil bulbs are imported from Holland and repeated attempts to cultivate the bulbs in this country have met with only mediocre success.

Tulips in various shades of pink, salmon, yellow, white and red are on display in large numbers. The best tulip bulbs are raised in Holland.

Among the plants raised from seed at the Riverside greenhouse the snapdragons and carnations are in their prime at this time of the year.

## BAD WEATHER HINDERS MOVEMENT OF LUMBER

The movement of softwood continues to be handicapped by bad weather in the middle West and East, the South being the most active consumer at present. The first signs of spring in the North have brought a somewhat better trade from city yards, which have been able to move out a little lumber to building jobs, but demand from rural sections has not had a chance to develop. Nevertheless the 375 principal softwood mills reported for the week ended March 13 showed sales of nine per cent more than they produced. There is every likelihood, according to the American Lumberman, Chicago, of brisk spring trade.

Southern pine mills booked orders for five per cent more than they produced, but production had fallen to thirteen per cent below normal because of rains that retarded logging. Trade with the North and East has been lagging, and there have been small price increases on a few quantities.

As a whole, however, quotations are firmly held, for the mills occupy a strong statistical position and confidently expect that good weather will greatly enlarge their volume of bookings.

The West Coast fir mills sold twenty per cent more than they cut, though they have been operating actively. Many buyers feel that production beyond market needs might cause price weakness, and are conservative in placing orders. But the way business has been coming in is very reassuring to the mills, and quotations have held firmly to lists.

The middle West is taking a good volume of fir, and the export market is up to its seasonal normal. The Atlantic coast market has continued weak because of receipts in excess of its needs, which are restricted by bad weather, and the California market is quiet. Spring weather is sure to liveen trade in all these consuming sections.

Southern hardwoods show further recovery from their recent price slump. Production has again been curtailed by heavy rains, and many manufacturing consumers find that urgent needs for raw material will no longer allow them to remain out of the market. Building trade demand continues slow, but the export outlook has improved. The northern hardwood trade is somewhat more active than in recent weeks, prices remaining firm.

## Man's First Investment Should Be In His Home

Babson Park, Florida — Roger W. Babson today discusses the fifth of his ten talks on Family Investments. Last week he told how to use Building and Loan Associations. Today he discusses another step in acquiring real success.

**WHAT CREATES VALUES**

"Real Estate is an absolute essential. It is one of the oldest forms of investment and is preceded as an investment only by women, slaves and cattle, which were moved about from place to place before their owners acquired or claimed title to any land. Now that all free range is almost gone, it probably is best for one to secure some land even before getting 'woman, slaves or cattle'—in other words, before getting married, a young man does well to get a home.

"Although real estate is essential, there is a tremendous amount of it available. Also, real estate is subject to the old law of demand and supply as is oil, sugar, and other good things. It is not enough that oil and sugar should be useful and in demand. In order to make money in either of these products, there must be a limited supply. So long as there is an over supply there is little or no profit in connection therewith. Hence although every man should own his own home—and if possible, the farm, factory, or shop where he does business—yet speculating in land is considerable of a problem and in fact a business of itself. Just because it is 'land' or because it is 'cheap' does not insure a profit. Hence, when investing in land it is important to buy something the supply of which is limited. If it is across the land should be exceptionally fertile or well located or the tract should be unusually large. If it is suburban property, it should be in a restricted neighborhood well built up. If it is inside property, it should be a corner lot, or on a main artery, or possess some other advantages which few other lots have.

**DIVERSIFIED INVESTMENTS**

"As stated previously by me, since the German mark became valueless and these valueless pieces of paper were used to pay up what previously were considered the very highest grade bonds and mortgages, careful investors have not put all their money in bonds and mortgages. Instead, they have divided their funds into three parts: one-third bonds and mortgages; one-third stocks and equities; and one-third land and buildings. This is a very good policy for even a young man to follow from the first—after—of course—he has bought and paid for a home.

"Although—except in the case of farms—one must have a building on a property in order to make it earn, yet do not forget that usually only the land appreciates in value. Buildings depreciate and they are very likely to depreciate quite rapidly during the next few years if the cost of new building declines as many believe it will. Moreover, it should be remembered that it costs no more to build a certain building in a good location than in a poor location and it is the location which determines whether or not the building pays. Many build in wrong locations out of pride, or because they happen to own the land when it would be much better for them to sell the land they own as what they can get and build elsewhere. Real estate holding should be diversified as to different locations and different kinds of property; but don't put too much into buildings. Remember that real estate profits must come from the land. Even when buying one's first land for a home it is better to buy more land than is needed and build a small house, than to economize on the land. The house can always be added to; but later it may be impossible to buy the adjoining lot.

**COST OF CARRYING**

"When buying good bonds, or dividend-paying stocks, one receives interest and has a small income tax to pay. When buying stocks that have not yet reached the dividend-paying stage, one receives no income, but has no taxes to pay. On real estate, however, local taxes must be paid irrespective of income while incomes taxes must be paid in addition when income is received. This tax situation is very serious today and local taxes, in most communities, are apt to become higher rather than lower. New roads are creating values; but they also are greatly increasing taxes so that in some communities the taxes are increasing more rapidly than the values.

"Twenty-five years ago I bought some property midway between Boston and Lowell, Massachusetts at \$20 per acre which seemed very cheap at the time. The other day I sold it at nearly double the price paid. My wife congratulated me on my 'profit'; but a little figuring showed that I had paid in those twenty-five years local taxes on that land to an amount greater than the total amount received. In other words, I would have been better off to have given the land away directly after buying it than to have held it and sold it twenty-five years later at 100 per cent profit. When interest charges are added to taxes, land soon 'eats its head off'.

"Finally, let me say that gambling in real estate is no different than gambling in the stock market or at poker. All forms of gambling or attempts to get something for nothing are wrong. The man who buys either acreage or a corner lot and just 'sits on it' and does nothing to improve it is both a gambler and a parasite on the community. If he profits at all, it is because of the efforts and improvements of others. Land becomes more valuable either through increased population or improvement and the man who does nothing along either of these lines is

## STEEL BUSINESS STILL IMPROVES

No Indication of Faltering in Demand for Steel Products as Summer Nears

Cleveland, O.—Iron Trade Review says:

With the first quarter of the year drawing to a close, comparisons of steel production, shipments and apparent volume of consumption against the corresponding months in 1925, all are in favor of the present period. The fact that the first three months of 1925 showed the greatest production for any opening quarter on record, lays further emphasis upon the fundamental vigor of the present situation. One year ago at this date, demand began to show the first signs of faltering and production to taper off after 60 to 90 days of high-speed activity. At present, no indications that a similar turn of affairs is developing or is in early prospect, can be detected. On the contrary, some elements of demand appear still to be expanding and production, though near the maximum limit, still is edging slightly higher.

The almost day-to-day method of buying being pursued by many consumers added to the heavy specifications against first quarter contracts are beginning to make deliveries less immediately available despite the extended production. Chicago finds specifications exceed shipments by a wide margin and mill deliveries are more deferred there than at any time this quarter.

Under heavy pressure, Chicago production again has been lifted a point higher to 35 per cent. Pittsburgh and Youngstown are kept at 30 to 30 per cent. The Steel corporation this week is running at 95.5 per cent of input capacity which continues above the scheduled rate.

"Business, all around, shows a good margin of increase over January and February.

Reaffirmation of Lake Superior iron ore prices on the same basis as for 1925 has occasioned little surprise in view of competitive conditions now prevailing in that field. Open market sales of ore to date have been few but about 1,000,000 tons is expected to be closed within 10 days.

Pig iron buyers persist in following the fashion of steel consumers in placing tonnage more in a hand-to-mouth way.

Imports of 59,122 tons of pig iron, an unusually large total made February the heaviest month for the receipt for foreign iron and steel since March 1923, with a total of 100,212 tons.

Further slashing of prices by reason of a price war between domestic producers has brought down ferromanganese \$5 further to \$90, sea-board.

Iron Trade Review composite of fourteen leading iron and steel products was lifted slightly this week to \$38.32. Last week it was \$38.89 and three months ago \$40.10.

Iron Trade Review.

## FITTER FAMILIES CONTEST IN KANSAS

Lawrence, Kan.—(AP)—A new social classification, based not upon blue ancestral blood but upon the red blood of the living, is a possibility of not remote future.

That was the thought in the mind of Dr. Florence Sherbon, of the University of Kansas faculty, when she launched a new venture six years ago at the Kansas Free Fair at Topeka—a "Fitter Families" contest.

"The time may come," Doctor Sherbon said, "when the family not possessing a eugenic certificate will be looked upon askance by the 'certified' family."

This was born an idea that has since been adopted by six other states and by the National Eugenics Society. In the last six years 523 persons, comprising 126 families, have been examined as participants in the "Fitter Families Contest" in the Kansas Free Fair.

The purpose of the eugenics contests, Doctor Sherbon pointed out, is first to arouse family pride in being well-born and to spread information concerning heredity and conduct.

## NATURE RIDS WESTERN CITY OF ITS SNOW

Salt Lake City—(AP)—Snow, usually the Nemesis of municipal street departments where there is appreciable precipitation, has no terrors for the Salt Lake City department.

Water taken from municipally owned boiling springs is used to make it disappear as if by magic.

The springs, located within the corporate limits, produce vast quantities of water which Nature has heated to approximately 106 degrees Fahrenheit. This is carried in tanks to the business district and the high pressure pumps flush out the snow, clearing it within a few hours regardless of the depth.

The water contains 1350 parts of sulphates to the million. Thrown upon the snow under high pressure, a cloud of steam arises and quickly the street is cleared.

## RUBBER STAMPS ARE LABOR AND TIME SAVERS

Harriman Stamp Co. Supplies 100 Banks and Merchants With Stamps

Rubber stamps to serve every kind of business and professional enterprise and to meet the need of students, teachers and secretaries of lodges and fraternal organizations and for any other miscellaneous uses are made in Appleton at the Harriman Stamp Co., 118 S. Appleton-st. one of Appleton's newest industries.

One of the most popular sellers at the Harriman Stamp Co. is a small metal pocket stamp which is especially designed for bill collectors to mark statements paid, delivery men who collect upon delivering merchandise, and students and teachers for marking books, theme papers, and compositions. Another very useful stamp for traveling men and students is the laundry marker by means of which one can mark his initials or name on pillow slips sheets, handkerchiefs, shirts and other linen.

The stamp company has done a large business in supplying Appleton banks, garages and insurance agencies with rubber stamps which are used hundreds of times a day in some cases. At present the company supplies over 100 banks and office supply houses in the state with rubber stamps.

As a time and labor saver for bill collectors and salesmen who are constantly making house to house canvasses the rubber stamp has no equal. Taking into consideration only one call the amount of time saved by stamping instead of opening up one's fountain pen and writing, the amount of time saved may seem insignificant, but where 50 or more calls are made in a day the value of the stamp over the pen at once becomes apparent.

Stamps ordered from the Harriman Stamp Co. will be supplied the same day as ordered. At present the Ideal Photo and Gift shop on E. College-ave. is selling the Harriman laundry markers.

In addition to the manufacture and sale of rubber stamps high class multigraphing work of all kinds is done at the Harriman shop. A process has been perfected here by which multigraphing may be done from a rubber stamp. This is the only process of this kind in the country so far as is known here. A large amount of direct mail advertising and first class printing is also done by the Stamp company.

## CROWDED FROM HOMES TO FLOATING HOTEL

Charleston, S. C.—(AP)—Built as a floating fortress, the navy monitor Amphitrite is destined to finish her days as a floating hotel.

"The one-time 'goddess of the sea,' is now in dry dock being transformed into a fully equipped hotel which will be used to supplement the crowded housing facilities of Florida.

It is understood the sea-going hotel will be established off Miami. A fleet of launches will be used to transport guests to and from the hotel.

In the hull of the ship, provision has been made for a balcony, dining room, dance hall, barber shop and quarters for the crew. In the three stories being erected will be accommodations for 200 guests.

The Amphitrite was 275 feet long and 55 feet wide. Until acquired by the present owners it had been out of commission at the Philadelphia navy yard, after a long service in domestic and foreign waters as a member of the country's forces.

# A.W. PRIEST GIVES \$25,000 FOR CHURCH ADDITION

## BAPTISTS TO ERECT SCHOOL UNIT AT ONCE

\$40,000 Addition Is to Be Devoted to Exclusive Use of Sunday School

Immediate construction of an addition to First Baptist church in Appleton and Franklin sts. was doubly assured Friday night at a meeting of the congregation when A. W. Priest, 627 W. Prospect-ave., announced a gift of \$25,000 toward the cost leaving only \$15,000 to be raised by the congregation. Mr. Priest announced he was making the gift to honor the memory of his parents, Henry and Hannah Priest who were among the founders of the congregation.

Work on the \$40,000 addition is to be started within a month or six weeks so that it will be ready for use in the fall. The addition will be devoted entirely to the use of the Sunday school and is to be two stories high with basement. The structure will be 40 feet long on Franklin and 50 feet wide across the back of the present church. The entrance will be from Franklin st. No changes will be made in the present church auditorium it was stated.

### NAME COMMITTEES

Building and finance committees will be appointed at once it was announced. A committee has been working on plans for most of the winter and tentative sketches of the new building were shown on a screen during the meeting. Definite announcement of plans will not be made however until they have been approved.

Dr. A. McGrath, Milwaukee, former pastor of the local church and now secretary of the state board attended the congregational meeting and said the building program has the backing of the state board. It is probable a substantial contribution will be received from that source.

With the major portion of the cost assured through Mr. Priest's gift members of the congregation anticipated the construction of the new building.

### EDDIE KOTAL PAYS FINE FOR DRIVING TOO FAST

Edward Kotal, 812 S. State-st., paid a fine of \$10 and costs amounting to \$13.20 when he was arraigned before Judge Theodore Berg in municipal court Saturday morning on the charge of speeding. Kotal was arrested at 8:45 Saturday morning by Officer Earl Thomas and Driver John Kobussen while traveling 32 miles an hour on W. College-ave.

John A. Lonsdorf, district attorney, was a Marinette business visitor Saturday.

Capt. Fred Hennemann left Friday afternoon for Manitowish where he will spend a few days visiting friends.

## RIVALS WANT TO DEBATE BUT CAN'T AGREE ON PLACE

Present Buchanan Chairman Challenges Opponent to Discuss Town Issues

Whether voters of the town of Buchanan will hear their two candidates for election as town chairman debate the issues in the town depends upon whether the candidates can agree upon a place to hold the debate. It developed Friday and Saturday in conversations with the rivals John Grafmeier, present chairman and William Rohan, former chairman. Mr. Rohan now is a member of the county highway commission and is seeking election as town chairman, an office which he held four years prior to his defeat by Grafmeier in the last election.

Grafmeier wants to hold the debate next Wednesday afternoon March 31 in the Buchanan town hall but Rohan refuses to meet him there on the ground that it is too small and is not equipped with chairs. He suggests that the debate be held in Little Chicago where facilities for the auditors are more adequate he says. Grafmeier Saturday morning flatly refused to meet Rohan any place but in the town hall and only at 1:30 next Wednesday afternoon. He said that when he challenged Rohan to debate in the town hall Rohan accepted and Grafmeier immediately notified about 40 farmers

of the meeting. Later, he says, Rohan called him and said the town hall wouldn't do and suggested that the debate be in Little Chicago but Grafmeier refused to meet him there.

Rohan also has suggested that Mayor Charles Raught or Dr. W. C. Sullivan of Kaukauna, or Anton Jansen of Little Chute act as chairman of the meeting. Grafmeier, it is said, suggested that there be no official chairman. Grafmeier insists that the debate be only for town of Buchanan voters.

Rohan Friday issued the following public acceptance of Grafmeier's challenge.

"My challenge to debate the issues in the town of Buchanan is hereby accepted. I will meet you at Little Chicago on next Wednesday, evening March 31 at 7:30 p. m., Mayor Raught or Dr. W. C. Sullivan or Anton Jansen of Little Chute to preside. "I have suggested Little Chicago as

Parent-Teacher Associations Join in Meeting in High School

Prof. Edward A. Ross of the sociology department at the University of Wisconsin, will speak at the joint

meeting of Roosevelt and First ward Parent-Teacher associations at Appleton high school Monday evening, April 12. The public has been invited to hear the famous lecturer and author.

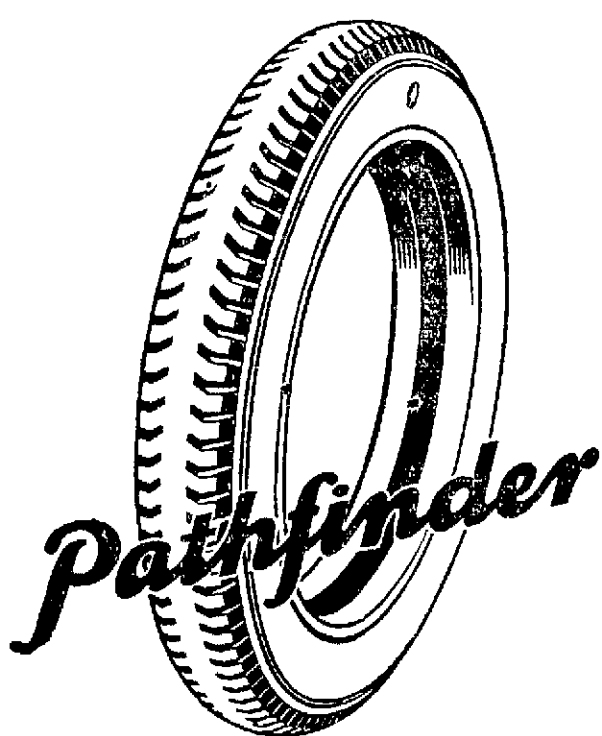

His wide experience among peoples of foreign countries and in South America where he travelled for many months, has given Mr. Ross a social interest not academic, and he is said to be a brilliant speaker. Among the works of the speaker are 'The Russian Bolshevik Revolution', 'Russia in Upheaval', 'Principles of Sociology', 'Changing America', 'South of Panama', and others. His textbooks are used in practically all of the larger American colleges, including Lawrence college.

## BOWLING TEAMS LEAVE FOR U. S. TOURNAMENT

Menasha—Herman Miller, head of the Miller Paper Stock company, who resided at 301 Kaukauna-st., has moved his family to DePerre where he will make his home in the future. Mr. Miller is one of the owners of a papermill that has just started up in that city and he made the change so as to be closer to his work.

## GROCERY STOCKROOM IS THREATENED BY FIRE

Menasha—The stock room connected with Frank Gutowski's grocery store on Milwaukee-st. caught fire in an unknown way late Friday afternoon and one of the walls and the ceiling were damaged. The fire department extinguished the blaze before it had made much progress.

## JUNIORS PREPARE FOR THEIR ANNUAL "PROM"

Menasha—Preparation for the annual junior prom of Menasha high school, which will be held Friday evening, May 14, are well under way. The decorations this year will be designed by Miss Olga Smith of the high school faculty. The chairman of the decorating committee is George Helmer. Billy Marquand's orchestra of Sheboygan has been engaged to furnish the music. The "prom" for several years has been made the leading social event of the school year.

## MENASHA PERSONALS

Menasha—Major Clarence A. Loesch of the United States Reserve corps has gone to Chicago to attend an officers school of instruction. He will be absent 15 days.

Mr. and Mrs. Walter Schmidt and Mr. and Mrs. Walter Schmidt, who are in Milwaukee, will spend the weekend with friends.

Arthur Murtugan was confined to his home Friday with an attack of grip.

Mrs. Theodore Valey, Sr., and daughter left Saturday for Pennsylvania for an extended visit with relatives.

Dorothy and Virginia Knoelke have come to Milwaukee to spend their Easter vacation with relatives.

Walter Chapman, who is attending Northwestern college at Watertown, is spending his Easter vacation with his parents, Mr. and Mrs. John Chapman.

Alderman A. W. Dorenz was a Green Bay visitor Friday.

Harry Kind, a student of the state university at Madison, has arrived home for a week's visit.

Russell Douquet, who submitted to an operation at Theda Clark hospital two weeks ago, expects to return home Sunday.

## TWO WEEKS MISSION IS TO CLOSE SUNDAY

Menasha—The two weeks mission at St. Mary church, conducted by the Rev. John A. Bahe and the Rev. Thomas Knapp, will close Sunday night. The first week was for women and the second week for men and each night the church has been crowded.

## ROUNDERS UNABLE TO FIND HALL FOR WORK

Menasha—Fifteen Ward Rounders, probably will not play volleyball any more this spring for the reason they have no hall in which to practice. They intend to devote most of their time for the present in developing their playground ball and baseball teams. According to Walter Adrian, manager, they plan to purchase sweaters which can be worn for playground ball and baseball. Each squad will commence training as soon as the weather is favorable.

## SISTER BURNED

Menasha—While attending the funeral of their brother at Plymouth Thursday, A. E. Ardel and Mrs. A. L. Ford learned that their sister, Mrs. L. R. Lyons of Shiocton, narrowly escaped being burned to death by the explosion of a kerosene can while pouring kerosene on a smoldering fire. Mrs. Lyons was severely burned about the head, face and upper part of her body.

## LAKE FROZEN OVER

Menasha—Little Lake Butte des Morts, which was free from ice during the early part of the week, was entirely frozen over Saturday morning, according to George T. Allanson, in charge of the government lock. Only a small portion of the ice disappeared during the day. Lake Winnebago still is frozen over.

## REVIEW CHURCH WORK

Menasha—A general review of the first quarter's work of the Congregational church will be given at 9 o'clock Sunday morning. The children's report at the 10:15 morning service will concern "The Horse That Believed He'd Get There." The Rev. John Best's sermon will be on "A Palm Sunday Meditation: Welcoming the King." Evening service at 7 o'clock.

## BUYS SALOON

Menasha—Fred Walter has purchased P. H. Pokalski's saloon at the corner of Racine and Third-sts. and took possession Friday. Mr. Pokalski, who has been engaged in business in the same location for more than 20 years, has not announced his future plans.

# PUSSY WILLOWS AND BIRDS SHOW SPRING IS HERE

One of the first signs of spring in the world of vegetation is the pussy willow, and it is said by Appleton rural mail carriers that the "pussies" are now much in evidence in this vicinity. The pussy willows are the buds of the willow tree, and only two or three days of warm spring weather are required to bring them out.

One rural carrier reports that he had seen birds within the last week which were harbingers of spring, winter and summer seasons. He says that he noticed several meadow larks in a field and felt sure that spring at least had come to stay, as the meadow lark is known primarily as a summer bird. But he was doomed to disappointment for in a moment or two a flock of snow birds came flying along and swooped down in the same field to remind him that winter was not yet over. The spring bird which he saw, was of course, the faithful robin.

## 14-YEAR-OLD "TOURIST" RETURNED TO HIS HOME

Neenah—Clarence Jones, a 14 year old boy who was picked up Friday by police officers here as he was alighting from a Chicago and Northwestern train on his way to see the world, was returned to his home Saturday morning in Iron Mountain, Mich. The boy had already become disgusted with "bumming" and was willing to be returned to his home and parents.

## NEENAH PERSONALS

## CANNING COMPANY ASKS LOWER RATES ON BEETS

A difference of opinion over the proper freight rate on sugar beet shipments between Black Creek and Seymour will be threshed out in a hearing of the complaint of the Seymour Canning Co. against the Green Bay and Western Railroad before the Wisconsin Railroad commission Tuesday, March 30, in Madison. The canning company is complaining that an excessive freight charge is levied on beets compared with the rate on other commodities. It is said that the rate established by the Green Bay and Western road on beets is higher than that fixed by other railroad companies on the same commodity. The Minneapolis, St. Paul and Sault Ste. Marie railway was cited as one road where the rate was lower.

## OLD TIME FIDDLERS PLEASE THEATRE CROWD

Thursday night was amateur vaudeville night at Fischer's Appleton Theatre. Two old time fiddlers, Aaron Dougherty of Stephenville and Joseph Birmingham of Hortonville with their old time medleys, were popular entertainers at the adult performance at 9:35. Other adult prize winners were two black faced comedians, Betty and Teddy Burke and Howard Fisher. Fifteen children took part in the children's vaudeville at 7 o'clock. Prizes were won by Gordon Herman, Ethel O'Leary, Helen Heidemann and Helen Sofie.

Mrs. Phillip Kreutzer, Sr., and son Harry left for Abrams to spend a week with Mrs. Kreutzer's mother, Mrs. Mary Toppie and her sister, Mrs. Charles Leary.

## Now \$50 Less And "At Your Door"

Prices on Hudson Brougham, Hudson Coach and Essex Coach are reduced as of March 10. This is in addition to the Tax Reduction made February 27. Note by the following figures the advantage of the Hudson-Essex "At Your Door" (A.Y.D.) policy. It includes all costs for equipment, freight, tax and other charges.

Were we advertising f. o. b. prices, with former standard equipment they would be

ESSEX "6" COACH	\$ 735
HUDSON COACH	1135
Hudson Brougham	1385
Hudson (7-Pass.) Sedan	1610

The lowest prices at which these cars ever sold

## "At Your Door" Cost Nothing More to Pay

ESSEX "6" COACH	\$ 829
HUDSON COACH	1259
Hudson Brougham	1514
Hudson 7-Pass. Sedan	1750

All cars are equipped with front and rear bumpers, electric windshield cleaner, rear view mirror, transmission lock (built in), radiator shutters, Motor-Meter, combination stop and tail light.

Don't be misled by f. o. b. factory or list prices. TO SUCH PRICES MUST BE ADDED freight, tax, handling and sundry other charges, which greatly increase the actual cost. HUDSON-ESSEX prices are those you pay for delivery AT YOUR DOOR. No delivery, handling or other charges are made. And there is never any doubt as to the actual cost to you of HUDSON or ESSEX. Values have constantly increased, and at the same time there have been passed on to the buyer all savings in manufacturing and distribution.

**BEGIN HERE TODAY**

HENRY RAND, middle-aged business man, is expected home by his family to celebrate his son, JAMES RAND'S 25th birthday. A theater party is planned to include Henry Rand, his wife, his daughter JANET, and Jimmy.

While they are waiting, police telephone that Henry Rand has been found dead in a cheap hotel. The body is found in a gas-filled room. A slight well is on the back of the head. The only clues are a woman's handkerchief and the stub of a yellow theater ticket. The coroner's verdict is murder.

Jimmy learns that the theater is in Milwaukee and decides to go there.

**NOW GO ON WITH THE STORY**

CHAPTER V

At Henry Rand's funeral Detective Mooney mingled quietly with the small crowd and cocked an appraising eye on everyone present. He also made careful inspection of the group of curious seekers outside the house.

If he expected to find anyone to whom suspicion might point as the murderer of Henry Rand, he was disappointed. He spoke to no one, except to explain his presence to Jimmy. After the funeral was over, he slipped away as unobtrusively as he had come.

Mrs. Rand had rallied sufficiently to stand the ordeal of the funeral service. She remained composed until the last words had been said in the cemetery, when, with Jimmy's arm around her, her body shook with sobs.

Jimmy wondered how he was going to tell her that he was going away to Milwaukee.

But he told her—on the way home, in the presence of Janet, and of Barry, who was riding with them. The thought of the pain he was giving her made him miserable.

"I can't lose you, too, James. I can't." With her black gloved hands Martha Rand pressed her handkerchief to her mouth to hide her trembling lips.

"What good will it do, James? The police will do all it is humanly possible to do. They'll send somebody to Milwaukee or at least communicate with the police there."

"I've talked it all over with the police here, Mother. They're sending a man, but I'm going with him."

"But, James, you're not a detective. What do you know about hunting criminals? Besides," her lips were quivering again, "you don't know what kind of danger you might run into."

"I think I can take care of myself, Mother," he said, confidently. "For your sake, I'll be careful." He tried to make clear to her his feeling that there was no other course for him to take.

"I feel that it's my duty, Mother, my job. Feeling as I do, it wouldn't be right for me not to go."

"Don't go, James."

"I'm sorry, Mother, but I'm going. Somewhere in Milwaukee, I think, is the man who caused all this. If the police can find him, well and good. If they don't I will."

"At least, I'm going to try my best," he amended. His jaw had set grimly, in the fashion familiar with him when his emotions were stirred.

"I think he should go, too, Mother." This from Janet, who was staring, white-faced, out of the car window.

Her left hand clenched and unclenched nervously. "If I were a man, nothing could keep me from going," she burst forth. "If I were Jimmy, I'd devote the rest of my life, if necessary, to running down that—that fiend."

"The cruelty of it—and the shame!" she cried.

"The shame! Why Janet, what do you mean?" It was Barry.

"You know very well what I mean, Barry. You're a—friend—Barry."

"Well, I hope so," cried Barry.

"You were very close to father," she continued, speaking rapidly and still looking out of the window. "and it may not occur to you what other people, who didn't know him, are bound to think."

"Oh, I know," she cried. "They'll be sympathetic, but just the same they'll lift their eyebrows when we're not present and want to know how Henry Rand came to be in that room in the Canfield Hotel."

"Janet!" There was real pain in Barry's voice. "Not that, Janet. Anyone who knew your father—"

"They all didn't know him as well as you did," she interrupted. "They'll be sorry, but they'll wonder. They'll talk about the disgrace, as they'll call it, and they'll pity Mother and me. . . . I tell you," she cried fiercely, "I don't want there pity! Do you hear me? I don't want pity. I want to know!"

"Jimmy," she turned to her brother, her gray eyes seeking his. "Jimmy, you go."

"Janet is right," said Jimmy. He was holding his mother's trembling hand. . . .

Their car—the chief mourners—had stopped in front of the Rand home. Jimmy helped his mother out and led her up the board walk—Henry Rand's board walk that he had so stubbornly preserved in the face of the family's united ridicule and pleas for a cement one. The shabby walk seemed strangely dear to them now.

He accompanied his mother straight to her room, where she lay down on the bed, exhausted.

"About our finances, Mother, I've got about a thousand dollars saved up and I've had most of it transferred to a checking account in Jane's name. She'll have to be the main of the family now."

"I've got enough to last me until I get a job in Milwaukee. I'm not going to touch your bank account now. You'll need it. Then, there's her insurance; it isn't very much, but it's enough to keep up the payments on the house and take care of you or quite a while."

Barry had left and Janet was alone in the living room when Jimmy came

## SENIOR GIRLS WIN CAGE MEET

Complete Two-week Schedule With Perfect Record; Sophs Awarded Cup

The senior class first team won the interclass girls basketball tournament at Appleton high school played during the past two weeks with the record of losing no game during the meet. The sportsmanship cup was awarded to the sophomore class, and the two junior class teams tied for second place in the tournament by winning two games apiece. The sophomore team won one game and the first team lost all of their games.

An all tournament team was chosen by Miss Dorothy Vestal, physical education director at Appleton high school, and the team may play the Lawrence college girls team after Easter. The members of the squad are: Lydia Becker, Florence Hitehler, Margaret Murphy, Evelyn Solie and Helen Ziegler of the senior class, Anita Tiedt and Orpah Owen of the sophomore class, and Hilda Kuckenbecker and Florence Kuehner of the junior class.

**SATURDAY**

Overcoming the World

Read Jn. 16:28-33. Text: 16:33.

Be of good cheer; I have overcome the world.

Meditation—We are afraid, filled with dismay. The voice of Jesus calls through the darkness be of "good cheer." He bids us to be unafraid, to have confidence that we shall overcome. The World can be overcome. "I have overcome" he is present with us—Watch, pray act in his spirit and we can overcome the world. It is obedient faith in him which overcomes the world.

Be strong and of good courage, be not afraid, nor dismayed, for there is a greater with us than with him. With him is an arm of flesh, but with us is Jehovah our God.

For all our days precious.

And meet them ever alike.

When you are the anvil bear—

When you are the hammer, strike."

Prayer—O Eternal and Almighty to deliver thou dost change unstable Simon, impulsive with good purpose but vacillating as water into a man of rock. Thou canst transform the faint hesitancy of the coward into the valor of the hero. Declare Thy power unto us till we shall not fear the arm of flesh with its strength to work us harm; nor the tongue of flesh, its malice or its guile. Amen.

**RULE'S LEAD IS CUT AS ERROR IS FOUND**

The lead of Albert C. Rule over Mayor John Goodland, Jr. in the primary race in the primary election was 145 votes, as announced the day after election, instead of 219 votes, the lead accorded Mr. Rule after the official canvass of the votes by the common council Wednesday night. It was disclosed Friday in the election board. An error in the board's report to the central accounted for the difference.

The error was in the report from the second precinct of the Second ward. Mayor Goodland, according to the report, received 77 votes, while Mr. Rule, 130.

**THREE HEARINGS ARE SCHEDULED FOR COURT**

Only three hearings are scheduled for the special term of Outagamie county court which opens before Judge Fred V. Heinemann on Tuesday, March 29. The schedule includes a hearing of preferred claims in the estate of Macchillo J. O'Neil and hearings of final accounts in the estates of Charles A. Schroeder and John Moor.

Rule polled 112 in this precinct. The figures should have been reversed. The total number of votes received by the two candidates was: Goodland, 1,445; Rule, 1,300.

# Now comes planting time

with its challenge to your judgment

EVERYTHING is all ready. Your soil is in shape. You have made up your mind what you want to grow. Your hopes are high—you want a garden that will pay you for every bit of work and money you put in it.

One thing remains to be done. Seeds must be bought. It is an important moment, for those packets of seeds which you can hold in your hand and carry in your pocket are *this year's garden*. Be sure you know about those seeds—their ancestry—their reputation.

Choose Ferry's purebred Seeds. They come from a long line of fine ancestors whose history we know. You can plant them with faith that they will produce an abundance of vegetables and flowers ideal in size, shape and color. For many years we have been growing, weeding out, perfecting and testing. After every harvest more extensive trials are made at our experimental gardens than anywhere else in the United States to determine that Ferry's purebred Seeds are true to type.

Don't take chances with seeds of unknown history when you can get seeds like Ferry's purebred Seeds. For "blood will tell" in the garden just as it "tells" in the great stock farms where cattle are raised for profit.

It's easy to find Ferry's purebred Seeds. A complete assortment of both flower and vegetable seeds—*clean and tested*—are in the familiar Ferry Box "at the store around the corner." Go there today and make your selections. Thousands of successful gardeners all over the country are doing just that now with confidence that comes from years of experience.

If you want to know the complete line of Ferry's purebred Seeds, send for Ferry's Seed Annual. It is *free*, and in addition to the seed information are many valuable garden hints. Write for Ferry's Seed Annual now. D. M. Ferry & Co., Detroit, Mich.; San Francisco, Cal.; Windsor, Ont.

Grubby Groundhog Follows His Nose  
Nancy and Nick and the March Hare stood beside Grubby's groundhog hole and watched him as he slept.  
What did he care about the land-where-spring-was-coming? He was having a grand time where he was. Outside the snow was just about gone, there was only a little handful here and there sticking in around fence-corners and stones. The sky was blue and the air was really as warm as pie.

Nancy and Nick and the March Hare were laughing. For Grubby was acting so funny in his sleep.

I'll tell you now why he was acting so funny.

Because the March Hare had cut a big red apple in two and laid the pieces right under Grubby's nose.

Now groundhogs like apples about as well as you like chocolate ice-cream soda, or a sail-boat sander, or custard pie.

So it's no wonder Grubby's poor nose was wriggling itself off nearly every second.

He was dreaming that it was summer and he was stuffing his sides out with sweet apples in a sweet apple orchard.

"There's a fine one," he would mutter in his sleep. "That big apple over there by the old grindstone. See? It's just off of the tree and never got bruised a bit and there aren't any ants on it. Not that I'd mind an ant or two. Some of them are mighty sweet."

Then Grubby snored twice and turned over.

"Say where's that nice big sweet apple?" he muttered. "It's gone. It was over by this old grindstone and now I can't even so much as smell it."

"The March Hare took one of the big pieces of apple he had cut and held it under Grubby's nose. 'Come along, old man,' he said firmly. 'Come along. We'll find it.'"

Grubby threw back the covers and got slowly out of bed. Then all he did my dears, was to follow his nose, just follow his nose!

"Oh, look!" giggled Nancy. "He's still asleep."

"Yes," said Nick. "He thinks he's still in the orchard smelling that big sweet apple."

"Come right along, Grubby," said the March Hare wagging one ear at the Twins, which is the way rabbits wink at you sometimes. "Come right along, Mister Groundhog."

Then he took a step and Grubby took a step, then he took another step and Grubby took another step. The March Hare always carefully holding the piece of apple just far enough from Grubby's nose for him to smell it.

They went along the crooked hall and out of the front door by the potato patch, the Twins quietly following, and then they came to the little secret bush that is the beginning of Scrub-Up Land. That magic place, ruled by Mister Rubadub, where all the meadow folk have to get greened up, so they'll look decent for spring.

Before Grubby so much as opened his eyes, they were right at Rubadub's house.

And the very first person Grubby saw was that fairyman with a towel over his arm and a big pair of scissors in his hand.

Grubby tried to bolt, but he was too slow.

They washed him up and trimmed his whiskers and slicked in his tail and combed him and brushed him and I think they put a few drops of brilliantine on him. But it was of no use. Grubby just wouldn't shine. But he looked better when at last he waddled off to the Land-Where-Spring-Was-Coming. Oh yes! I forgot! He got the apple after all and so he wasn't mad a bit.

JOSEPHINE: Tell him your age dear.—Kansas City Star.

I have persuaded mother to leave next week for home, a little earlier than we had planned. She seems to feel that her home physicians could do more for her arm than is being done here. It is not getting well as fast as we could wish.

May I ask you to go over and tell Mrs. Ritchey, my housekeeper, to have everything in readiness for our return on the twelfth? Tell her the entire west wing is to be given up to mother as usual.

Night Letter from Paula Perier to Sally Atherton

Very lonesome without you here. Everyone misses you. Your honest opinion and great common sense was most refreshing in this temperamental city of Hollywood.

Have finished my last picture and this is to tell you that I am coming east to make a picture in Pittsburg in some one of the steel mills.

You think Mr. Prescott will let the company use his plant? It is only one sequence and will take about three days. I'll be awfully glad to see you again and hope to persuade you to come back here and live with me as my secretary. I will double any offer that Mr. Prescott makes to you. You have been more to me than I could ever explain.

# APPLETON ELIMINATED BY STEVENS POINT, 12 TO 9

## Inability To Count From Field In Opening Period Loses Battle For Orange

Cooksons and Ashman Miss Many Chances to Score; McCanna Stars in Last Half

**FRIDAY GAMES**  
**STEVENS POINT 12, APPLETON 9**  
River Falls 21, Manitowoc 7.  
Wausau 20, LaCrosse 18.  
Madison 25, Portage 18.  
Eau Claire 15, Superior 10.  
Shawano 26, Monticello 21.

**SATURDAY GAMES**  
10 a. m.—Eau Claire vs Shawano.  
11 a. m.—APPLETON VS. MANITOWOC.  
5 p. m.—Madison vs Wausau (Consolation).  
7 p. m.—Winners of 10 and 11 o'clock games for third place.  
8 p. m.—Stevens Point vs River Falls (Title).

Madison (AP)—A fast and close-guarding quintet from River Falls and a long shooting crew from Stevens Point will clash for the high school basketball championship of Wisconsin in the final game of the annual State Tournament here Saturday night. Both advanced through the semi-final stage last night with well earned victories over tough opponents. Stevens Point nipping Appleton 12-5, and River Falls crushing Manitowoc under a 21-7 count. After a poor start Appleton rallied and made a real battle of the first affair. The second was a rout for River Falls all the way after the first few minutes. Manitowoc slashing attack which had dazzled two previous tournament opponents, was halted in beautiful fashion by the tenacious River Falls defense, led by Segerstrom and Bliss, two of the finest guards in the meet, who also were important factors in the victorious offensive drives. Bliss stayed with Peppard, the Little Manitowoc star, and was effective as to hold the latter scoring activities to only one free throw, while Segerstrom not only held Brennan scoreless, but also made nine points himself. The first half count was 12-3.

**FREE THROWS COUNT**  
Stevens Point's triumph was due more to Appleton's inability to sink shots in the first half than to any great power on the part of the conquerors. The Cooksons boys and Ashman, Appleton Aces, were scoreless from the floor although they had many opportunities to tally, and the losers were unable to prevent Neuberger from dropping the apple in from a number of distances. When they did halt him, they fouled him, and he made good on three free throws, the margin of victory.

The first half ended with Stevens Point leading 6-3. Steinberg's field goal and Ashman's free throw constituted the sum total result of Appleton activities in the first two quarters. Meanwhile Neuberger was looping two field goals and a free throw and Kite was sinking a shot from the foul line to give Point its advantage.

**MCCANNA STARTS RAILEY**  
McCanna was inserted in the Appleton lineup in the second half, and he made a valiant effort to pull the game out of the snags. He was stopped, however, after dropping in one field goal and a pair of shots from the foul line, and Ashman's two additional foul line shots completed the Appleton scoring.

The three-point lead piled up by the Point in the first half was just enough to win as Appleton tied the second-half count but couldn't overcome the lead.

An exhibition of gameness was given by Captain Fishleigh, guard and pivot star of the Stevens Point team, who left the hospital where he was taken with an injured side Friday, to lead his team to victory over Appleton. Fishleigh and McDonald, his running mate proved too elusive for the Appleton team and they consistently held the ball to the forwards with the result that the Point led from the start and never was behind.

Stevens Point stopped Ashman, the late Appleton center who had figured conspicuously in the defeat of other teams, with the result that the close of the first half found the Point leading 6-3. Fishleigh and McDonald halted the efforts of the Cooksons brothers and Ashman on the short shots and the Fox river valley team tried long arched attempts to no avail.

McCanna and Steinberg accounted for the only two field goals of the Appleton team. Appleton's guarding prevented Copps, Center and White from continuing as the scoring aces, but Neuberger filled the breach, making nine of the team's total points.

In the other tilt Shawano eliminated Monticello from third place series after a hard struggle, 26 to 21. Wagner and Andrew played star roles for the victors and Babler, a sensation of the tournament scored seven field goals and two free throws to keep Monticello from being swamped.

Madison Central, playing the best game to the meet to date, licked the strong Portage five in the consolation semi-finals in the afternoon 28-18 and Wausau nosed out LaCrosse in the same series 20 to 13, chiefly through the work of W. Graebner and Maur.

## LEAGUE LEADERS BATTLE IN "Y" INDUSTRIAL GO

Galpins, Undeclared Top-notchers, Hit Hard Game in 2nd-place Fox Rivers

**STANDINGS**

**SATURDAY GAMES**  
Galpin Hardware vs Fox River Paper Co.  
Coated Paper Co. vs Kimberly Club

One of the most important battles of the Y. M. C. A. Industrial League is scheduled for Saturday evening, when the Galpin Hardware, undefeated loop leader clash with the Fox River Co. five, their nearest contender, in what should be a fight to the finish with the leaders having a slight edge. A win for the Fox River squad will give the Baetzmen a slight chance at the banner, with the Galpin's encountering a few hard games yet. A loss will give the Hardware men a four-game lead over any squad in the loop and an easy tie unless they go completely "to smash."

Zussman, Babel, Welk, Bloomer and Lutz probably will start for the leaders while R. Tornow, C. Tornow, Radtke, Baetz and Schultz probably will start for the Fox River crew with T. Radtke in reserve.

The other games also will be important in that the two "cellar contenders" will clash. A loss for the Kimberly club will not drop that crew into the rut but will give the Coated Paper five a start on its way out of the cellar. Anyway it will be a battle royal with both squads striving to show that the other should be the cellar champion by comparative playing.

The Coated Paper quint will be represented by Haase, Berge, Eggert, Kilgas, Stimmer, Solie and Bowly, while Bush, Poon, Hofkins, Willis, Lange and Natron will battle for Kimberly.

**Dave's Dots And Dashes**  
Well, it's all over now! We all hoped for a state title and many fans now are moaning but folks, HATS OFF TO A FIGHTING TEAM, whether it takes third place or not. Any team which goes through a season such as Appleton had this year, with two of the best shots in the state out, and fights his way into the semi-finals of a state tournament, earning a team like that, deserves a much honor as though it had won the title. Think of the kind of season the Orange had all around and then wait because we lost a mere state title after the play Mac's hard-luck team put up!

Manitowoc and Appleton will settle the REAL Fox river valley loop title for 1926 when they clash this morning and at least one team from the valley still has a chance for that third place. It must be a valley team as we sure cannot lose the honor of having "been up" the court this weekend.

The Green Bay quintet is not banking on taking a back seat in this tournament, Basing, Zussman, Kotai, Jorgenson and Busby who are hanging together down in Appleton, have put in one good practice session so far this week and they expect to do their tops once more before Sunday. Glass and Dillett also are on edge.

McAuliffe, who was not in the Bay's "one-up" last week due to illness, has recovered and will be here Sunday. His appearance with the C. C. C. team will add considerable strength. Mac is at the state basketball tournament at Madison with his Appleton high school basketballers, but will leave the Capital City Saturday night arriving here in time for the Bay's initial encounter, Sunday afternoon.

**VOCATIONAL CAGERS NOT IN STATE MEET**  
Appleton vocational school basketball team will not enter the state vocational school tournament which is to be held at Racine, next Thursday and Friday, according to H. F. Heilig, director of the school. All of the boys on the local team are employed and will be unable to leave their work to make the trip. Mr. Heilig said, besides this the local director does not believe the state tournament will be of any value to the boys.

The 1926 journey is the first ever held in Wisconsin and with no sectional tournaments this season, any school in the state is eligible to compete. Green Bay, Fond du Lac, Sheboygan, Manitowoc, LaCrosse, Two Rivers, South Milwaukee, Madison, Beloit and Kenosha have entered teams and more entries are expected by Monday night.

## BETTER HURRY, GANG!

**C'MON, GANG!**  
I'll soon be the last half of the ninth—  
And your final chance to get in the great pre-season game—The Favorite Baseball Player Contest being conducted by the Post-Crescent and the NEA Service, Inc., Cleveland.

For when the hands of the clock reach the hour of midnight on Wednesday, March 31 (as shown above) Young Appleton will have had its final turn at bat.

So you'd better get busy, fellows, and enter this contest. All you have to do is select your favorite American or National League player, write a 200-word story telling the reasons for your selection and mail or bring it to the Sporting Editor, Post-Crescent.

There'll be two winners, one for each league. A trip, an opening day big league game, a chance to meet your ball player here and present him a silver cup at home plate before a record-breaking throng await the winner, as well as the mits, balls and bats donated by the Post-Crescent.

A wonderful opportunity! And it's all ABSOLUTELY FREE! Boys 16 years of age and under are eligible to compete. Let's put over a regular ninth-inning rally! C'mon, gang!

## Phillies Work For Just Winning Team, Fletcher

BY BILLY EVANS  
Bradenton, Fla.—Pennant conjecture has been evened out a slight rise of Manager Art Fletcher of the Philadelphia Nationals.

At present his chief thought in life is developing a ball club that will make interesting competition for the rest of the National League. Manager Fletcher makes no pretense at pennant aspirations, but take it from me, any club presided over by the former Giant star is certain to play interesting baseball. That's his style.

Fletcher, trained by John McGraw, a natural aggressive ball player, has no use for the drones. He wants only athletes who are always giving their best, regardless of how good or bad it may be.

Winning ball games is the watchword on the Phillies. "No, we haven't got the pennant yet," remarked Fletcher as I discussed his ball club with him. "The big idea is to win every ball game we can on the theory that you can't worry about those you lose and bring them back."

"I would say my ball club is at least 20 per cent stronger than last season, maybe 30 points better."

"Back Bentley will play first base better than it has been played for."

"There is no doubt about Dean's ability," said Fletcher, "and I believe that I understand his temperament perfectly. Dean doesn't thrive on criticism; few players do. I have told him that all he has to do for me is win ball games; that the pitching of the game will be entirely up to him. He won't get any suggestions from me."

Fletcher is also strong for a youngster by the name of Whitely, who has shown great form in the spring games. He is to start as a regular.

Munn, a former member of the Giants, sent to Indianapolis last season, is back with the Phillies via the draft route. Fletcher believes he is about ready.

Perhaps the personnel of the Phillies on paper doesn't impress you, but I am sure you would have a much better opinion of Fletcher's club if you saw it in action.

Fletcher, a smart ball player, is proving a smart manager and his club plays snappy, aggressive baseball, just the type you would expect. The Phillies are not pennant-winners but are interesting.

**OSHKOSH BOY SENT BY JAWN TO REESE**  
Sarasota, Fla.—Fred Hackbarth, the supple infielder who came to the New York Giants from Oshkosh, Wis., where he played semi-pro ball, is on his way to Youngstown to see Dr. Reese, the famous bone-setter.

Hackbarth was not able to throw as he should while here, and it became known that he has what is known as a "football shoulder." His right shoulder was injured when he was playing at Beloit college.

Manager McGraw regards Hackbarth as a promising infielder and if the kink in the shoulder responds to the bone-setter's touch, Hackbarth will rejoin the Giants at Chicago early in May.

**FOHL TEAM BOASTS A COLLEGE ROOKIE**  
Like all major league clubs, Boston has its college player in the person of William Deltrick, an infielder from the University of Virginia. He is a likely looking chap. Plays shortstop.

Baltimore—Louis (Kid) Kaplan, featherweight champion beat Tommy Herman, Chicago, 12 rounds.

Syracuse, N. Y.—Bushy Graham, 110 lb., knocked out Johnny Rosen, New York, one round.

## ATHLETICS WIN IN STATE CAGE TOURNAMENT OPENER

Kimberly Crew Tops Superior Five, 48-23, Appleton Bankers Eliminated

**FRIDAY GAMES**  
Lake Fels, Racine, 25; Citizens Bank, Appleton, 19.  
K-C Athletics, 48, Kelly Shoes, Superior, 23.

**SATURDAY GAMES**  
2:30—Milton American Legion vs Lake Fels.  
9:00—Winner Afternoon Game vs K-C Athletics.

Cage squads representing the Northwestern amateur district of Wisconsin split even Friday evening in the opening games of the state "A" amateur meet which is being held at the Green Bay Y. M. C. A. gymnasium. The Kimberly-Clark Athletics, winner of the district honors, had an easy evening, walloping the Kelly Shoes, crack Superior squad and winner of the Northwest district meet, 48-23. The Citizens Bank of Appleton, second place winners in the Northeast district meet, lost to the Lake Fels of Racine, winner of the Southeastern district meet, 25-19, in a tough struggle.

Kimberly found things rather easy with their star opponents and used all the subs. Kohl and Cooke, divided the honors with every man on the squad hitting the ring at least once.

The local Bankers, handicapped by the absence of three regulars, added three local stars to the lineup, but the teamwork was a trifle off. Still they put up a good battle. Their opponents were notified by the Bank management as to the change and the game was played under protest. Herb Voecks and Schultz were out with sprained ankles and McKongie was sick. Jake Zussman, Arnie Hillman and Bloomer played the vacant positions and Zussman was the big star for the losers.

At 2:30 Saturday afternoon the Milton American Legion, a favorite to win the meet, plays the Lake Fels and the winner meets the Athletics crew, at 9 o'clock at night in the state finals. The Milton crew, winner of the Southwest meet, also capped the Milton Independent meet from some of the best teams in southern Wisconsin last week, running up a 20-point win in the final game. The squad is composed of old Milton college stars. Kimberly, winner of second-place in the state tournament last year, is a slight favorite over Milton because of its overwhelming win over the crack Superior five, but the game should be worth going far to see with the teams evenly matched. At 7 and 8 o'clock at night, four Green Bay Industrials League will clash in preliminary games.

## RANGERS ON TOP IN C. O. F. LOOP

Take 1926 Pin Title by Win from Trustees in Special Match to Break Tie

The tie for first place in the C. O. F. bowling league which existed between the Chief Rangers and the Trustees when the loop season ended last week was broken Thursday night when the Rangers whipped the Trustees two out of three games in a special match to decide the 1926 title. The winning margin was 179 pins. The winners dropped the final game by 10 pins after running up an easy lead. J. Schweitzer, of the winners, had high game, a 182, and also high series, a 507. A 170 by A. Baez was high game for the losers and B. Merkle got a 460 for high series.

Trustees Won 1, Lost 2—L. Keller 140, 117, 154, 411; W. Keller 140, 127, 131, 365; S. Single 158, 120, 112, 420; A. Pas 141 142, 170, 452; B. Merkle 145, 164, 151, 460; handicap 67, 201; totals 755, 787, 818, 2310.

Chief Rangers Won 2, Lost 1—H. Guckenberger 136, 165, 178, 419; B. Belin 110, 111, 162, 411; J. Langenue 139, 144, 142, 465; H. Tillman 128, 139, 114, 581; J. Schweitzer 158, 182, 167, 507; handicap 114, 312; totals 800, 881, 808, 2489.

**CAMBRIDGE WINS EIGHT-OAR RACE**  
Putney, Eng.—(AP)—Cambridge won the 25th intervarsity eight oared race here Saturday.

Cambridge won by six lengths in 19 minutes 29 1/2 seconds. The Oxford crew could hardly finish.

**FRED HANEY HOPES TO SHOW UP COBB TYGERS**  
When a ball player is passed on to some other club his greatest ambition is to prove the manager who let loose from him made a sad mistake. That is the task Fred Haney, traded to Boston by Detroit, has set aside for himself.

Tampa, Fla.—Kid Peck, St. Petersburg, Fla., defeated Jackie Melman, Columbus, Ohio, 10 rounds. Shifty Dando, Dayton, Ohio, beat Johnny Simpson, San Antonio, 10 rounds. Artie McCann, Palm Beach, won over Datto Puentes, Havana, Cuba, 10 rounds.

## Come On Gang! Only Four More Days Left To Enter Favorite Player Contest

Pick Your National League Star as Well as American; Chance for Big Prizes

**FOUR MORE DAYS LEFT!** Boys, just about 100 hours left before some Appleton youth or a youth in the nearby country will be the proud possessor of a Babe Ruth bat, another of a Roush mit and another of a Goldsmith ball! Yes, and three more boys will have the same prizes. Will you be one of the lucky winners in the Post-Crescent Favorite Baseball Player Contest? Will you carry home a bat, ball or mit with a heart full of joy?

It's easy, nothing to it. All you have to do, if you are 16 or under, is to write us a little story, just 200 words, on your favorite big league hero, the man you'd like to be when it comes to swinging a pill or fielding the fast ones. For doing this you may win a bat, a ball or a mit, beside a chance to go to an opening big league game in a big league park and see your favorite big league player, shake his hand and present him with a silver cup representing his popularity!

But, boys! Who's your National League star? Only a few of these brilliant players have been picked so far and the three prizes are still there for anyone who'll take a chance. It's easy to win one. Think of Hornsby, Frisch, Vance, Roush, Carey, Cuyler, Mendous and dozens of others! Let's go gang, take a healthy swing and make a homer!

## SHORTY CAGERS WIN CITY TITLE

Little Chute Shoemen Beat Legionaires, 14-7, for 3rd Straight Championship

Shorty's Shoes, strong Little Chute basketball team, won the city championship for the third straight year by whipping the American Legion five of that city, by a 14-7 score. The game was fast from start to finish. The first quarter ended in a 6-0 score with both crews playing great defense. The Shoemen led 4-2 at the half but the Legionaires tied the count at the start of third quarter. Here the Shoes came back with two ringers to end the quarter 8-4. Both crews opened up on long shots in an effort to win the game in the final quarter, but the Shoemen again excelled and with the previous lead won, 14-7.

Vandersteen, with four baskets starred for the winners and was aided by neat passing by Busch, Boyd, Van Handel and Hoffkins.

Alfonso, who starred for the Legion crew, carried the three ringers between them.

## BOSTON SOX ROOKIE PROMISING CATCHER

One of the big Sox surprises may be Al Stokes, a rookie catcher, carried by Boston last season. He's a finished receiver but a rather weak at the bat. There is more than a chance that he may catch a lot of ball games for Boston this summer.

Hot Springs, Ark.—(AP)—Young Ross, Syracuse, N. Y., beat Charlie Rodrigue, New Orleans, 10 rounds.

## RACINE MAN ROLLS 300 IN NATIONALS

Toledo, O.—(AP)—Charles Reindie, of Rehis Arcades, Racine, Wis., bowled a perfect score of 300 pins in the doubles event of the American Bowling Congress tournament, in his second game paired with Rudy Heipel of Racine. Reindie is 39 years old and has been bowling three years. He hit pocket pins 1 and 3 consistently with exception of frames 3 and 8 when he crossed to the other side. His last strike in the tenth frame was a perfect hit. The paid 1,278 in the two-men event and placed in sixth position.

## BLACK-JACK PINMEN BEAT CRACKER-JACKS

The Blackjacks carried off two out of three games in a match with the Cracker-Jacks, rolled Thursday evening on the Elk alleys, taking the battles by 75 pins. A 255 pin handicap aided the winners.

Liemer of the winners got a 213 game for the only double century mark of the battle and also high score. J. Brown of the losers had high series a 522 and Babbin had high game for the losers a 195. High series for the winners went to Ray Bohr with a 559.

Wm. Keller, Jr. 160, 152, 195, 517; C. Dwyer 141, 151, 141, 433; J. Romano 199, 177, 166, 542; J. Dwyer 157, 128, 101, 441; J. Brown 151, 157, 174, 522; totals 788, 869, 840, 2417.

## MILWAUKEE TEAMS ROLL IN PIN MEET

Toledo (AP)—With a sensational one of bowling in which a Bowling Wis. pin speller rolled a perfect score, and in which a pair shot into second place with a 1309 count, another group of bowlers got away Saturday in the American Bowling Congress tournament.

Milwaukee.—Detroit.—Youngstown and Dayton men were on the program Sunday.

Among those picked as possible winners by A. B. C. workers are the St. Francis Hotel's St. Paul's Logan Square Park and Schuenebaums of Chicago and Bunde and Emmeyers of Milwaukee.

Cleveland, O.—David Taylor, Chicago, beat Dan Snell, Tacoma, 12 rounds.

East Chicago, Ind.—Shuffle Callahan, Chicago, knocked out Bobby Barrett, Philadelphia one round.

## Complaining Witness in Hold-up Case Says He Will Come Back for Trial

## George Dukwin, complaining witness against Wilbur Bogun, Little Chute, and George Muench, Appleton, charged with assault with a dangerous weapon, assault with intent to rob and assault and robbery, will report to the district attorney Monday and will be ready to testify Tuesday morning, according to a message received from him by Mrs. Mankoff, his housekeeper at 229 N. Richmond.

## The case was called for Wednesday morning but Dukwin had left the city and it was continued until the afternoon. Again he failed to appear and the case was adjourned until Tuesday morning.

## Sheriff P. G. Schwartz was given a bench warrant to be served on Dukwin to bring him to court. He telephoned Friday from Chicago and advised Mrs. Mankoff that he would go to the district attorney's office Monday, the housekeeper informed.

## Under Sheriff Earl Schwartz when he asked her if she had heard from the missing man.

## GO TO MARINETTE TO PROBE CLAIM FOR AID

## John A. Lonsdorf, district attorney and John E. Hantschel, county clerk, spent Saturday in Marinette to make an investigation of a poor claim of a resident of Combined Locks who for nearly lived in Marinette.

## The problem of poor aid for the man puzzled members of the county poor committee at the last board meeting and Mr. Lonsdorf was requested to take the matter up with Marinette authorities.

## POLICE HAVE FOURTEEN GUESTS SINCE SUNDAY

## Appleton police station has been host to 14 transient lodgers since last Sunday, police records show. The biggest registration was Thursday night when there were six guests while only two registered Friday night. Five guests made use of the lodgings Sunday night, three Monday, four Tuesday, four Wednesday, six Thursday and two Friday.
